

HAVE YOU HEARD????

I received a letter today from a group which has started another UFO group in St Catherines. They were requesting some information on the March 18 sighting in which four photographs were taken.

Their address is:

PROJECT S.U.M.
21 Prince Charles Drive
St. Catharines, Ontario
L2N 3Y4

ph. (416) 934~~5~~756

I have written them asking for more information about their work. I'll keep you all informed.

Well as you can see there is not much excitement this way. I hope others will send this type of summary to the rest of us. I have not received any information as such since our meeting.

sincerely,

Carol White
