

April 27, 1963.

Mr. Pete Mazzola,
International Director,
Scientific Bureau of Investigation, Inc.,
P.O. Box 193,
Staten Island,
New York 10312,
U. S. A.

Dear Pete:

I want to thank you very kindly for your invitation to speak at your conference in Albany in August. I am honoured to receive such an invitation.

This letter will confirm my acceptance. As discussed on the telephone on April 24th, my topic will be "Governmental Problems Posed by UFOs". I think this will fit into your overall theme quite well.

As I said, I plan to present the brief which I am submitting to our Prime Minister. This is not yet complete, but will be submitted very soon. There will be sufficient time, then, to await a reply, which I plan to include as an integral part of my conference presentation, along with my concluding comments.

You will appreciate that I cannot give you a copy until after I receive our Prime Minister's reply.

The governmental problems which I identify are of scientific, military, intelligence and political nature, and apply to all governments, not just those of Canada and the U.S.A., despite the fact that I use Canadian and U.S. documents as my sources.

I will bring my wife with me, and as you kindly offered you will make a reservation (double) for the nights of August 12, 13 and 14, for us. Thank you for your kindness in this matter.

I will be in touch with you later concerning my paper.
