Dear Friend:

We know you have a special interest in the enclosed circular and take pleasure in sending it to you.

You have bought *FLYING SAUCERS HAVE LANDED* and in one way or another have indicated how pleased you were with it. Or you are one of those who have written to or visited author George Adamski.

No doubt you will want to buy his new book and the enclosed circular will tell you all you want to know about it. To get copies of the book you need only send the coupon with your name, address, and the indicated amount.

If you are also interested in furthering this work, there are two additional things you can do:

1. Ask us to send you copies of the enclosed circular, which you can give or send to friends and interested persons. Please name the quantity of circulars you can usefully distribute.
2. After you read *INSIDE THE SPACE SHIPS* you can become a sales agent for this book. Write to us and we will inform you of the terms, and the profits you can expect. Agents contributed mightily to rolling up sales of over 85,000 copies so far of *FLYING SAUCERS HAVE LANDED*.

But first of all, read the enclosed circular -- we are sure you will respond to its message.

Sincerely yours,

*Richard H. Foster*
