Dear Sir:

As a researcher who takes UFOs very seriously, having been involved in this study for many years, I am particularly interested at this time in obtaining further details of a "UFO landing site" announced by the Hon. Paul Hellyer (Ottawa Journal, July 20, 1967), former Minister of National Defence.

According to Mr. Hellyer, the Canadian government made available the Defence Research Board experimental station at Suffield, Alberta, thirteen years before, as a landing site for UFOs.

I will be grateful for further details from your files in the interest of setting the facts straight concerning this matter.

Yours truly,

Arthur Bray.
