

there is also an NSA project by that name." NSA's project Aquarius deals specifically with the 'communications with aliens' (the EBE's). Within the Aquarius program was project 'Snowbird' a project to test fly a recovered alien aircraft at Groom Lake, Nevada. This project continues today at that location. In the words of an individual who works at Groom Lake 'our people are much better at taking things apart than they are at putting them back together'.

Moore, who claims he has a contact with MJ-12 feels that they have been stringing him along, slipping him documents and providing him leads, promising to go public with some of the information on extraterrestrials by the end of 1987.

* Certain of Moore's statements lead one to believe that Moore himself is a government agent working for MJ-12, not being strung along, but stringing along ever hopeful ufologists that the truth is just around the corner. Consider:

1. Moore states emphatically that he is not a government agent, although when Lee Graham (a southern California based Ufologist) was investigated by the DIS (Defense Investigative Service) for possession of classified documents received from Moore, Moore himself was not Graham also claimed an Intelligent Agent showed him MJ-12, when it was actually Moore.
2. Moore states emphatically that the cattle mutilations of 1973-1983 were a hoax by Linda Howe (producer of "A Strange Harvest") to create publicity for herself. He cites the book, "Mute Evidence" as the bottom line on the hoax. "Mute Evidence" was a government sponsored book to explain the mutilations in conventional terms.
3. Moore states that the U.S.A.F. Academy physics book "Introductory Space Science" Volume II Chapter 13 titled 'Unidentified Flying Objects' which describes four of the most commonly seen aliens (one of which is the EBE) was written by Lt. Col. Edward R. Therkelson and Major Donald B. Carpenter, Air Force personnel who did not know what they were talking about and were merely citing 'crackpot' references. He

states that the book was withdrawn to excise the chapter.

If the government felt they were being forced to acknowledge the existence of aliens on earth because of the overwhelming evidence such as the October and November sightings in Wytheville, Va. and recently released books such as 'Night Siege' (Hynek, J. Allen; Imbrogno, Philip J.; Pratt, Bob; Night Siege, Ballantine Books, Random House, New York), and taking into consideration the "Grand Deception" and obvious hostile intentions of the EBE's it might be expedient for MJ-12 to admit to the EBE's but conceal the information on the mutilations and abductions. If MJ-12 and Moore were in some kind of agreement then it would be beneficial to Moore to toe the party line. For example MJ-12 would say..."here are some more genuine documents...but remember...no talking about the mutilations or abductions". This would be beneficial to Moore as it would supply the evidence to support his theory that E.T.'s exist but deny the truth about the E.T.'s. However, if Moore was indeed working for MJ-12 he would follow the party line anyway...admitting the E.T.'s but pooh poohing the mutilations and abductions. If working alone Moore might not even be aware of the "Grand Deception".

Time will tell. It is possible that Moore will go ahead and release the video interview with the military officer around the first of the year as he has promised. From MJ-12's point of view the public would be exposed to the information without
