QUESTIONS & ANSWERS ABOUT THE TOP SECRET-EYES ONLY UFO BRIEFING DOCUMENTS:

1. Is there any other evidence that the U.S. government retrieved a crashed alien craft outside Roswell, New Mexico in July, 1947?

Moore & Friedman have since 1978 conducted a very, very extensive research project concerning the so-called Roswell Incident. To date, 92 different people have been located and interviewed about the event, 31 of whom had first-hand involvement. Included are several generals, the base security officer, counter-intelligence corps personnel, the neighbors and family of the rancher who discovered the wrecked device, the public relations officer of the air base, local news media personnel, etc., etc. To date, one book and five research papers have been published presenting the data.

2. Is there any proof that the event was first publicized and then covered-up by the government?

Yes. A press release was first distributed by the Army Air Force at Roswell stating that a crashed disc had been recovered. Then shortly afterwards the head of the 8th Air Force announced that a mistake had been made and that it was only a radar reflector from a weather balloon. The officer who took the call from Washington DC with the instructions to cover-up the story has so testified to Friedman and Moore. Many people who handled the very strange materials have testified that the material could not have been from a radar reflector. Ten first-hand witnesses are on record as having stated that the object was, in fact, some sort of space craft.

3. Was there any evidence of strange writing on the retrieved material?

Yes. Five persons who actually handled pieces of the wreckage have described very unusual symbols on pieces of the wreckage.

4. Is there any evidence that President-elect Eisenhower received a military briefing on 18 November, 1952?

Yes. Information at the Eisenhower Library and in the Truman files indicates White House and Pentagon briefings on that date. A Washington Post article also confirms a briefing on that date.

5. Is there any evidence that Bush and Forrestal met with Truman on Sept. 24th, 1947?

Yes. Forrestal's diary, Bush's files and the Truman Library listing of Presidential activities all establish that Bush and Forrestal first met with each other and then with Truman on that date. Bush and Forrestal often met with each other during the 1947-49 time frame.

6. Is there any evidence that the Cutler to Twining "Top Secret-Eyes Only" memo is genuine?
