Dear Art:

My congratulation to your BRIEF TO PRIME MINISTER TRUDEAU. The presentation of the global UFO problem enlightened from the various sides suggests - after all a constructive step toward the solution of a burning international problem instead of talking about it and chewing UFO cases up to the infinite time amongst each others.

You are not alone. Michael Hesemann filed a great Memorandum with the German Federal Republic (West Germany). Major Hans C. Petersen recently mailed me his YELLOW MEMORANDUM, being filed with all the Scandinavian States, France, Italy, Spain Switzerland etc. In Austria Helmut Hayek is going to file the same Memo and on the next week will consult on the Memo with Dr. Kurt Waldheim, the former Sec. Gen. of the U.N. On Sept. 24/25 I will held a big Symposium in Austria, organized by members of the majority party of the congress and the Interkosmos. Thanks God - we have a few constructive people, who see a bit more as investigate UFO cases to each others and hunting for spiritual messages for "evacuation" of our humanity to an other planet.

I am glad that you accepted the invitation of Peter Mazzola, because you were the first recommended as speaker at the congress, who see far away ahead with large perspective on the UFO problem as talking over a decades that you sighted for 3 second an UFO over Ottawa. It seems the Albany Syposium will be a pioneer step in the UFO research represented by its speakers, aimed toward the solution of the problem.

I gave you address to Major H.C.Petersen to contact with you. His address: INTERNATIONAL GET ACQUAINTED PROGRAM-RCN - Normannsvej 3, Ø Haerup, DK-7861 Balling, Denmark.

Attila will attend also the Symp.

With the warmest regards

Friendly yours,

Colman
