

- ① Are copies of reports sent to the Centre for UFO Studies? (Not asked - suggest write to McNamara)
- If not, why not?
- ② Why are no initials, notes, comments etc of any NRC staff on these reports?

N74/008 - Daylight sighting, Glaslyn, Sask.
Jan 28/74

Observer: Miss Frances Trichuck
photo of climbing wingless, elongated object.

- Observer asked for return of 2 negatives, and wanted to know what the object was.
Aink, notation on her letter directing that reply be sent to her.

No reply on file - just a print of one of the 2 pictures she took.

Why no reply on file?

③ Check Nov. 73 for HW 417

④ When landings are reported, (eg N74/035, on 8 May 74) why no investigation to search for physical evidence of such reported landings?
