

MUTUAL UFO NETWORK
1975 UFO Symposium Proceedings

First, the Center exists as an organization to assist all serious students of the UFO phenomenon and will continue to do so within the limits of its financial ability.

Second, the Center and its associates are enthusiastic about the prospects of UFO Research and conclusive results. A quarter of a century of misunderstanding, confusion and ridicule seem at last to be ending and in fact is being replaced by scientific expertise.

Third, we feel that we have the tools to work with - reports, statistics, continuing flow of new reports and the people - now, all that remains is the securing of funds to activate a positive program.

Finally, we are most grateful to both the public who have expressed their interest in the UFO phenomenon and their faith in the Center's prospects for developing sound scientific research and to those serious investigators and researchers who seek a conclusion to the UFO phenomenon.
