

1187 Agincourt Road,
Ottawa 5, Ontario.

February 25, 1965.

Mr. Jules Pelletier,
Secretary to the Prime Minister,
Parliament Buildings,
Ottawa 4, Ontario.

Dear Mr. Pelletier:

Thank you for your letter of December 28, 1964 on the subject of Unidentified Flying Objects.

As this matter is no longer of interest to the Canadian Government, and when it was, known phenomena apparently were the cause of the sightings, there can be no reason why the reports of the investigating body should not be available to the public.

As government reports of interest to the public are made available, usually through the Queen's Printer, would you please inform me as to how I may obtain a copy of the final report of the Canadian Government's U.F.O. Investigating Committee. The Queen's Printer's Bookstore has informed me that this report has not been printed.

Yours truly,

A.R. Bray.
