Dear Ms. Ross:

Thank you very much for your letter of August 2nd concerning my previous correspondence on the subjects of the 1913 Meteor Train and a proposal for validation of photographic evidence. I have enclosed photo copies of my original letters with their enclosures as you requested.

I can appreciate the administrative problems you have encountered and hope you are able to overcome them.

I look forward to hearing from Dr. Hynek on both these matters in the near future. I will be grateful if each could be answered separately, just to keep my files straight.

Yours sincerely,

Arthur Bray.
