

BSRA No. 24-D: THE FOUR WAYS TO FREEDOM - The Way of the Faqeer.
Lesson Eight in our Kabalistic series on the Invisible Reality Behind Appearances. This is adapted from one of Ouspensky's studies with Gurdjieff in St. Petersburg in 1916. We relate the Four Ways to the Four Worlds covered in Lesson Seven. These "ways" are the Way of the Faqeer (physical), the Way of the Monk or Nun (emotional), the Way of the Yogin or Kabalist (mental), and the Way of the Adept (spiritual). All are described in this lesson, but the emphasis is on the Faqeer and the subduing of the physical body through control of mana, prana and ectoplasm. This lesson is well illustrated with the four Tarot trumps picturing the Four Ways and with pictures of materializations taken by an Associate. 48 pages. \$2.25

BSRA No. 24-E: THE WAY OF THE NUN - The Life of St. Theresa of Avila.
Lesson Nine of the Invisible Reality Series is an illustrated review of the life of this great Mystic, with emphasis again on the four levels of consciousness. Theresa called these The Four Waters of Prayer. There are dramatic illustrations of these Four Worlds from her own trances, visions and ecstasies. This Second Way of the Four is one of the shortest of all because of the terrible self-sacrificing martyrdom of the Mystic. When reviewed from our vantage point of Hermetic Wisdom, Theresa's autobiography is one of the most illuminating books on occult science in the Western Mystery Tradition. \$2.25

BSRA No. 24-F: THE MASS or The Celebration of the Eucharist.
Lesson Ten of the Invisible Reality Series is an illustrated review of the essential parts of Charles W. Leadbeater's masterful work on "The Science of the Sacraments". The Mass is the most commonly performed magical ritual in the Western world. Every student of the Mysteries should be familiar with it as it is central to the Kabalistic Tree of Life! The Mass is an invocation of the God-force of Tiphareth, the Sun-center on the Middle Pillar. This talk includes illustrations of the Etheric structure built on the Inner Planes by the Angels of the Eucharist as the Mass progresses. There is an occult explanation of the "miracle" of transubstantiation. (available on tape also) 40 pages, printed. \$2.25

BSRA No. 24-G: THE WAY OF THE MONK. Lesson Eleven reveals there is the lower Way of the cloistered devotee with his robe, his mortifications of the flesh, his unquestioning obedience to his superiors, his selfless service; and there is the higher Way of the advanced Mystic who has freed himself from all, or nearly all, physical limitations. He is ready to graduate from the human kingdom. We have chosen Krishnamurti as one of the best contemporary examples of the Second Way, using his own illuminating dialog with journalist Rom Landau at Carmel, California to reveal his innermost thoughts and feelings on this Path or Way to Freedom. \$2.25

BSRA No. 24-H: TULKU, A TIBETAN INITIATION - The Way of the Yogin or Kabalist. Lesson Twelve reveals the technique of Self-Conscious Reincarnation practiced by the Tibetan Lamas. It was by this advanced Yoga practice that the Lamas kept control of their power and wealth through a series of incarnations. Tulku was a per-
