August 12, 1977

Dear Mr. Bray.

Thank very much for responding to my letter on the Canadian UFO Symposium. Unfortunately I had to postpone the symposium because of location problems. I do intend to carry out this symposium and form a Canadian UFO organization sometime in the future.

I will be in Ottawa the week of September 19th, for a week to visit the NRC and meet with several people interested in setting up a national UFO organization.

I would like very much to and interview you for an article in a future issue of UFO CANADA.
Look forward to hearing from you soon. Sincerely,
Edward G.
