Dear Bill:

Thanks for your welcome letter of August 25th, and also many thanks for the money order. Your account is now clear and I must say you were responsible for the sale of a good number of copies.

It was kind of you to offer to take the last few copies off my hands but orders are still coming in and as of today I have only four left. They will soon go so I may as well keep them to satisfy the next four orders. Thanks anyway.

Congratulations on your re-election as President of BAA. I am sure you must have had some interesting discussions with Allen Hynek and also with Carl Sagan. Hynek's book is certainly an expose isn't it?

Thanks again for everything Bill. We must keep in touch.

Kindest regards,

Arthur Bray
