

possibilities for taking concrete steps in launching a Global UFO Security Congress under the aegis of the United States." (See Enclosure #2.) No reply to this letter was received.

According to VonKeviczky, "National government leaders continue to remain officially silent on the subject of UFOs while the world maintains its steady drift towards a Third World War. This international conspiracy of silence must be broken!"

That is why, VonKeviczky says, he and his colleagues have decided to "go public" now with this information. "ICUFON and PPCC believe we have a deep responsibility to alert all nations and all peoples of our planet."

■ "It is time to raise the iron curtain of secrecy surrounding the global problem of UFOs.

■ "It is time to set aside national animosities and cooperate scientifically and militarily for mutual survival.

■ "And finally, it is time to sweep away the cobwebs of deceit and confusion regarding this potential threat to humanity from outer space."
