weather conditions such as clouds and winds are common in this region, which implies an Earthlike climate.

On the surface there are oceans and countless lakes. The planet Venus has a rotation period very much like that of the Earth, as day and night on Venus is 26 hours.

Everybody who lives on Earth will be

able to go to Venus and step out of his space ship because conditions on the two planets are the same.

1942 - The »Third« belligerent of World War II

Four and a half decade are beyond us, when over the theatres of war the bellicose military powers nervously discovered the participation and encroachment into World War II of a cryptic *Third Belligerent*. The perplexing strategy and tactics of the discerned *Third Power* - alarmingly jeopardized the grand strategic warfare and the final upshot of the entire war. In brief:

On February 25/26, 1942 - as many as 15 »unidentified« airplanes, flying »very slow« as much as 200 mph, and elevation of 9-18.000 feet, were officially reported over Los Angeles.

»1430 rounds of ammunition were fired - no bombs were dropped - no planes were shot down - and no American Army or Navy planes were in action.« - sounded U.S. Chief of Staff, General George C. Marshall's briefing to President F.D. Roosevelt.

At both parties, in the air and on the ground, a savage hunt started all over the theatres and continents, to detect

and turn up to the identity of the illegally intruded *mysterious alien power*. A power which disdainfully neglected triumphant and defeated alike, - including the Nürnberg Trial?!

As the flash of victory passed, and the postwar tension and »cold war« psychosis mounted, the General Staffs, and the eminent scholars anxiously realized all over the nations the unabated and suspicious operations of the *militarily authenticated forces - extraterrestrial origin*. Their covert dream about a new chapter of human history, *The Space Age*, was potentially endangered!

Fortunately, an American businessman in 1947 tranquilized the starting public unrest regarding this »unknown« *Flying Saucers - Flying Saucers* - cried up Kenneth Arnold above the Rainer mountain in Washington state.

Geeee ... *Flying Saucers!* - *Allelujah!* - *Discos Voadores!* - *Fliegende Untertassen!* - *Platillos!* - *Blitzas!* - *Dischi Volanti!* - The entire world was delighted with the new sensation. Meanwhile, all the Air and Ground Forces received a *Hush-hush* command to *Open Fire and Capture Dead or Alive* the illegal intruders!

»Alea iacta est - the dice is cast« -
