Dear Arthur:

I am in the strong preparation of my book CONSPIRACY AGAINST THE CIVILIZATION? It consist out of numerous analysis and governmental documentations as evidences.

One of the key chapter is the diplomatic manipulation of the mighty powers within the United Nations. I have a reasonable evidence received from the Canadian U.N. Mission, when we requested Trudeau's government to offer a territory for an International Authority to the nations.

I would like to build in the U.N. story your very serious action at your government requesting to place the UFO problem on the agenda of the U.N. General Assembly. May I have your permission to publish and quote your Department of External Affairs' statement, which in diplomatic relation seems much more significant as Sir Eric's which action based on his parapsychological initiation lost its value at all. Do you have any original governmental documents which would be much impressive to publish.

My book is in preparation for English, French (Henry Durrant), Spanish, German and Japanese languages.

Many thanks your kind cooperation, with the kindest regards

Your
