

CENTER FOR UFO STUDIES
Dr. J. Allen Hynek, Director

What is the CENTER FOR UFO STUDIES?

The UFO CENTER is an organization of scientists, engineers and specialists in related fields under the direction of Dr. J. Allen Hynek, Chairman of the Department of Astronomy of Northwestern University and former consultant to the United States Air Force on Unidentified Flying Objects.

It is also a place where individuals and groups throughout the world can exchange information and ideas on UFO research. The ultimate goal of the CENTER is the discovery of the nature and source of the phenomenon in terms that the public can understand and accept.

How will the UFO CENTER operate?

It will be set up to receive, analyze and process reports of UFO sightings and encounters. Reports from individuals will be made by telephone or mail. Reports from police departments will be made over special toll-free telephone lines.

On-the-spot investigations will be made by UFO CENTER personnel using strategically located mobile units, in cooperation with the local police, or directly, to obtain first-hand accounts of witnesses and to record all traces of physical evidence that may be found at the scene.

All non-confidential data will be documented and published from time to time. This information will also be available in a library maintained by the UFO CENTER free to the public.

How will it be financed?

The CENTER will depend on the financial and technical support of many different segments of society. The help of industry, educational institutions, communications media, philanthropic agencies and the general public will be needed. It will also need the cooperation of governmental agencies and individuals in government.

How can the general public participate?

1. By making a tax-deductible contribution to the UFO CENTER. Those contributing \$10.00 or more will receive bulletins and reports on UFO activity for the following 12 month period, when and as issued.
2. By reporting new or recent sightings and encounters. All reports will be given serious and considerate attention.

Detach and mail to: UFO CENTER, P.O. Box 11, Northfield, Ill. 60093

Enclosed is my contribution in the amount of \$_____ for the work of the CENTER FOR UFO STUDIES. I understand that this contribution is deductible for Federal Income Tax, and that contributors of \$10.00 or more will receive bulletins and reports.
