Dear Mrs. Halford-Watkins:

Our sincere apologies for not replying to your letter of June 21. We try to keep up with these things, but sometimes, because of the fact that we operate out of two different offices in two different buildings, it is difficult to make sure that some reply is made by the person to whom it is assigned - and who is frequently away from his desk.

At any rate, I have made a follow up on the matter, and have been told that Dr. Roy Craig will correspond with you about it - but he is at present in California!

Sincerely,

(Mrs.) Kathryn Shapley
Secretary to Dr. Condon
