Mr. Wido Hoville,
212 Thornhill,
Dollard-des-Ormeaux, P.Q.

Dear Mr. Hoville:

Thank you for your kind letter of February 25 and I am sorry for the delay in replying. Your invitation for some of my work to be featured at "Man and his World" is very much appreciated. I consider this an honour and I will be pleased to co-operate in any way I can.

I have enclosed an up-dated biography which would be better than the one in the Senate brief as a number of items have since changed. Please use this new one instead. I have also enclosed some photos so that you may make a choice of which is preferred. I would appreciate the return of any not required.

Did you want a copy of my book and the Senate brief for this presentation? If so, I will provide these.

The current address for purposes of my book is:

Bray Book Service
P.O. Box 5051,
Station F,
Ottawa K2C 3H3

I agree with you about NICAP. I am very disappointed in them. APRO is very far ahead of them.

Thank you again for your courtesy and I do hope we can meet one day soon.

Yours sincerely,

Arthur Bray
