

STATEMENTS ON UFOS

These objects are conceived and directed by intelligent beings of a very high order

Professor Hermann Oberth — Pioneer Astrophysicist — 1954

The evidence for their existence is overwhelming and I accept it absolutely

Lord Dowding — Former Air Chief Marshal, Royal Air Force — 1957.

Dr Frank Halstead — Astronomer — 1967

Vice-Admiral R. H. Hillenbrand — *Former Director of the CIA — 1980*

M. Robert Galley — Former French Minister of Defence — 1974

As a General, my opinion is the same as the opinion of the Air Ministry, but in my personal capacity I have for some time held the view that the JFCs are extraterrestrial craft. . . myself observed one for more than an hour over the town of Salsburgh. The position is that it is as difficult for official quarters to admit that something exists as it is for the Church to affirm that this is a miracle.

President Carter — 1976

Casó Castro Gwinto — Divisional General Commanding the Air Zone of the Canary Islands — 1976

Major Gordon Cooper — Former USAF Pilot and NASA Astronaut — 1980

I think the general public should be encouraged to come forward with evidence. Many do not, for fear of being ridiculed . . . at them badge their Member of Parliament and the Government to be open with them and to cease what I am convinced is a cover-up here. The people of Britain have a right to know all that the Governments not only of this country but others throughout the world, know about UFOs.

The Earl of Kimberley — Former Liberal Spokesman on Aerospace — House of Lords UFO Debate 1979

He first became interested in the sub-Donald Keyhoe, which details sightings of unidentified flying objects (UFOs) — Close Encounters of the Third Kind.

Since 1967 Timothy Goos has lectured for many other organizations, including the Conservative, Women's Institute, and Luncheon Clubs. In June 1990 he acted as a consultant to BBC 1. He has made regular appearances on Type 1 Diabetes on other local stations both here and in the north. He is co-author of an important new book on the subject of Type 1 Diabetes.

Timothy Good is also a professional London Symphony Orchestra, to which commercial TV and recording work is offered as follows:

- 1) 30 MINUTE TALK
- 2) 60 MINUTE ILLUSTRATION
- 3) 25 MINUTE INTRODUCTION

A question and answer session normally does not seek to prove his case — not to provide a stimulating and enjoyable
