

separately, and although I am unable to produce an actual physical UFO for you, I will show, and quote from, the actual documents which support my ~~conviction~~ thesis that UFOs are real.

1. UFOs as a Scientific problem.

Testimony of witnesses

Visual - multiple witnesses, reliable, highly-trained, many with a duty to report.

Seen by Scientists - SHOW & QUOTE the

Sturrock Report p.3.

SHOW & QUOTE - RCAF report on Bluebird
- (Scientists at White Sands)

slide C-13 - single, dual & multiple witnesses.

slide OFF Physiological - nausea, blurred vision, red eyes,
radiation burns, paralysis
