Dear Dr. Millman:

I understand that you delivered an address titled "Science Looks at the UFO" to the London Centre of the R.A.S.C. last November 27th. Is it possible that you can send a copy of this address to me? It will be a valuable addition to my files and I will be very grateful if you can send me a copy.

On the long outstanding matter of the "Les Ecuriels Iron Mass", is there anything new to report with respect to the publication of the laboratory analysis, or would you now prefer that I correspond directly with Dr. Smith?

Please let me know the name of your successor in your position after your retirement. I hope that I will receive as much co-operation from him as I have received from you over the past few years. I wish you continued good health in your many endeavours.

Very sincerely,

Arthur Bray
