ACTION TAKEN/DISPOSITION: (Con't on reverse) This office has no evidence that described record ever existed. R&C searched for two hours and did not find any file. The only report seen by this office is the IR 6-846-0139-76. The DATT verbally informed the Action Officer that there was no additional information reported. The IR reports unsubstantiated failure of a U.S. developed tactical weapon system as well as reflecting classified rules of engagement of a friendly power.
