John P. Timmerman
Vice President, Public Relations
Manager, UFO Photo Exhibit Project
P. O. Box 1621
Lima, Ohio 45802 U.S.A.

Dear Friends and Associates in Ontario, Canada:

Please forgive the short notice, but I wanted to try to notify you even though the event is almost underway. The CUFOS UFO PHOTO EXHIBIT will be on display at two locations in Ontario. I hope you can visit with me and enjoy this unique exhibit of some of the best photography of unidentified flying objects from the files of the J. Allen Hynek Center for UFO Studies and elsewhere, plus other interesting material relating to the UFO Phenomenon. A duplicate unit is normally stored in the western United States for engagements in that area.

This 20-panel, 10-section, 40-foot series of 4' x 3' sections of plexiglass will be on display in the KINGSTON CENTRE at 1040-1096 Princess Street in Kingston during Mall hours from September 4th through the 8th and at the Oshawa Centre at 3201 King Street, West and Stevenson Road, South, in Oshawa during Mall hours from September 11th through the 15th.

In addition to the more than 150 items on display on the panels, there will be videotaped programs to view showing objects in flight, in color and in black and white, from throughout the world. Other taped programs will also be available for viewing, including comment by Dr. Hynek and others. Also, copies of publications from the Center for UFO Studies and copies of the 90-minute videotaped program on UFOs will be available for purchase and free brochures will be distributed.

Finally, those who have had what they believe may have been a UFO experience are asked to attend and share confidentially the details of that experience with us for evaluation and study. If you or someone you know fits this description, please help us receive this information.

Enclosed you will find some of the information which will be available at the exhibit. You may want to share it with interested friends who will not be able to attend. Thanks for doing this for us. I hope you will introduce yourself to me when you arrive. I would enjoy meeting you and discussing recent sighting reports now under investigation.

We appreciate your continued interest and support of our work in this important subject. If you are not now on our list of Associates, a renewal application is enclosed for your use. If you have other questions, I welcome your letter.

Sincerely,

John P. Timmerman
Vice President, Treasurer
Exhibit Project Manager/Host
