

The Alien "Guests" would remain on earth and the human "Guests" would travel to the Alien point of origin for a specified period of time then return, at which point a reverse exchange would be made. It was also agreed that bases would be constructed underground for the use of the Alien nation and that 2 bases would be constructed for the joint use of the Alien nation and the United States Government. Exchange of technology would take place in the jointly occupied bases. These Alien bases would be constructed under Indian reservations in the 4 corners of Utah, Colorado, New Mexico, Arizona, and 1 would be constructed in Nevada in the area known as S-4 located approximately 7 miles south of the western border of Area 51, known as Dreamland. All alien areas are under complete control of the Naval Department and all personnel who work in these complexes receive their checks from the Navy. Construction of the bases began immediately but progress was slow until large amounts of money were made available in 1957. Work continued on the "Yellow Book".

Project REDLIGHT was formed and experimentation in test flying alien craft was begun in earnest. A super TOP SECRET facility was built at Groom Lake in Nevada in the midst of the weapons test range. It was code named DREAMLAND. The installation was placed under the Department of the Navy and clearance of all personnel required a "C" clearance as well as Executive (Presidential) approval. This is ironic due to the fact that the President of the United States does not have clearance to visit the site. The alien base and exchange of technology actually took place in an Area known as S-4. Area S-4 was code named "The Dark Side of the Moon".

The Army was tasked to form a super secret organization to furnish security for all alien tasked projects. This organization became the National Reconnaissance Organization based at Fort Carson, Colorado. The specific teams trained to secure the projects were called Delta.

A second project code named SNOWBIRD was promulgated to explain away any sightings of the REDLIGHT crafts as being Air Force experiments. The SNOWBIRD crafts were manufactured using conventional technology and were flown for the press on several occasions. Project SNOWBIRD was also used to debunk legitimate public sightings of alien craft (UFOs). Project SNOWBIRD was very successful and reports from the public declined steadily until recent years.

A multimillion-dollar SECRET fund was organized and kept by the Military Office of the White House. This fund was used to build over 75 deep underground facilities. Presidents who asked were told the fund was used to build Deep Underground Shelters for the President in case of war. Only a few were built for the President. Millions of dollars were funnelled through this office to MJ-12 and then out to the contractors and was used to build TOP SECRET alien bases as well as TOP SECRET DUMB (Deep Underground Military Bases), and the
