Dear Dr. Hynek:

It was a pleasure to see you again in Toronto on May 7th and to have the opportunity for a friendly chat. I found your presentation to the UFO Research Centre: Ontario most interesting.

This letter is to follow up on some correspondence which I mentioned to you while in Toronto. On 29 March, 1976 I forwarded a proposal for the validation of photographic evidence but have not received your comments.

Also, on 26 February, 1976 I wrote to you about the 1913 "meteor train" and have likewise not received your reply.

I wonder if you might now be in a position to provide your comments on both of these matters.

I look forward to hearing from you.

Yours sincerely,

Arthur Bray
