J. Edgar Hoover
F.B.I.
Washington D.C.

Dear Mr. Hoover:

I have just read your article in the San Francisco Chronicle - "From the Files of the F.B.I...The Strange Case of the Swindler from Outer Space."

For a long time I have felt inclined to ask you a question relating to these so-called U.F.O.s.

About two years ago I was given a book to read that was written by one George Hunt Williamson; it was all about these flying saucers and men from outer space. It referred to a man by the name of Adamsky in such a way that I got the impression that there was a strong element of Spiritualism - seances and mediums - mixed up in the business. I had no proof, but got the impression because what was written "smelled like seances". It was my impression that Williamson was associated with Adamsky.

A letter from a friend - who believed what had been written - stated that she had seen movies of Adamsky lecturing to people in Holland where Queen Julian was an interested listener, and in England where the Duke of Edinburgh was another interested listener, and that Dr. Wernher von Braun, director of NASA's Marshall Space Flight Center at Huntsville, Alabama, was a constant consultant of Adamsky.

That horrified and terrified me. IF spiritualism is what our missile program depends on ????? My question to you, is there any truth in my "jumping at conclusion"? What connection has Adamsky with Dr. Wernher Von Braun?

It seems that that George Hunt Williamson has been assuming the personality of "HRH Prince Michel d'Obrenovic-Obilic van Lazar, Duke of Sumadija, and his wife and son, Marc of Paris." I quote from a newspaper clipping which was quoted to me. What is this phony business all about, and how dangerous is it to our United States? Can you tell me?

Sincerely and anxiously
