Summer 1952. LOCATION UNKNOWN, USA. Head of the US AF Project Blue Book, Capt. Edward J. RUPPELT verified in his book THE REPORT ON UNIDENTIFIED FLYING OBJECTS the total ineffectiveness of USA initiated hostile confrontation:

CHAPTER ONE

Project Blue Book and the UFO Story

In the summer of 1952 a United States Air Force F-86 jet interceptor shot at a flying saucer.

This fact, like so many others that make up the full flying saucer story, has never before been told.

I know the full story about flying saucers and I know that it has never before been told because I organized and was chief of the Air Force's Project Blue Book, the special project set up to investigate and analyze unidentified flying object, or UFO, reports.
