18 April, 1984

Dear Arthur:

Inclosed please find our latest action on the UFO problem. Recently at the British Government and the member nations of the British Commonwealth.

Earl of Clancarty's enclosed letter addressed to Riley Crabb is an undoubtful evidence that before the House of Lords couldn't operate with Timothy Green Beckley "THE KID" of the UFO sexology, and with Lt. Col. Ret Wendelle Stevens the notorious advocate the world's greatest faker the Swiss "Billy" Meier and his Pleiadeans. Stevens recently sitting in the Arizona jail sentenced for 7 years minors sexual molestation. The rumor said first, he is on honeymoon with the 300 years old Plejadean girl Semjase in the Universe. But having his indictment and judgement (we have in our archives) recently issued through the ironbars - all the indictments were concocted against him by the CIA because he known to much about the UFOs.

Clancarty's latest idea to file with the British government a "Freedom of Information Act"-like legislate. He believes that the British General Staff has no other idea as declassify the top secret UFO documents for him and his nuts! Let me laugh.

Please my dear friend convey my best and cordially regards to your wife, and by wishing a Happy Easter Holidays

Friendly yours,

I am lecturing on May 8th in Montreal and 18th in Toronto.
