3rd April 1969.

Mr. Arthur Bray,
Bray Book Service,
PO Box 5051, Station F.,
Ottawa, Ontario, Canada.

Dear friend,

Thanks for your letter of March 28th and its contents.

I shall forward in a few days time Aust. Dollars twenty, which is the equivalent of Canadian dollars 24-25.00. Although the books are all sold, the money is not all to hand, so the small balance will come in about a month time.

I would like to get at least another three copies, two of them are ordered.

The review did so far not appear, I feel as the lady who was supposed to do it earlier this year did not get around, that I will write a few lines if possible over the Easter Weekend for inclusion in newsletter No. 23.

Both books are so far, I refer to Condon Report and Dr. Saunders UFO-Yes, not available here, I expect from a number of friends in USA and Canada copies any day now, they were posted some weeks ago. Seen the New York press cuttings from 8th and 10th January.

I received from John Magor copy of his new magazine, Brian Cannon told me some time ago about it.

Heard from Bruce Cathie that he will be later on this year for some time in Australia, shall meet him. Harmonic: Sent a copy of it also to Brian Cannon, also to a director of Scoop in USA. Some of the formulas might be a bit hard for a person not mathematically inclined.

Here in Australia anyone who likes work, find it. The country itself is so far peaceful compared with most other places. If you would like some literature etc. on us, please let me know.

Our review No. 10 is now delayed for nearly a year, should be out next month, over 60 pages, issue 4000 copies. So the long delay might be worthwhile. Newsletter No. 23 out end of this month.

We had so far this year two scientists at our public meetings, another one to come in August. Dr. Wood, the NSW Government Astronomer will be Guest Speaker at the Members meeting in November. So we keep our science connections up.

If you could send the three copies in soft cover that should be right, unfortunately the book has not been as far as I know anywhere here in Australia, but our newsletter should give it a plug.

Best wishes for Easter, hope to hear soon again from you. Regards

Yours sincerely

William E. MOSER, J.P.,
Honorary Secretary.
