19 September, 1972.

Mr. J.R. Keyston,
Executive Assistant to the President,
National Research Council,
Montreal Road,
Ottawa.

Dear Sir:

I refer to your letter of March 17, 1972, which was in reply to mine of March 4 on the subject of the book "Harmonic 695".

As six months have passed and I have heard nothing from Dr. McKinley or anyone else, it will be appreciated if you will inform me as to the status of this matter. It does seem to me that with the vast body of knowledge within the National Research Council, it should not take six months to determine whether Bruce Cathie is correct or not.

Yours sincerely,

Arthur Bray
