Mr. Arthur Bray,  
Bray's Book Service,  
P.O. Box 5051, Station F.  
Ottawa, Ontario, Canada.

Dear Mr. Bray,

I understand partly from my good friend by correspondence, Al Vezina, Scarborough, Canada, partly through one of the magazines received by our Society, you published a book, Science, The Public and the UFO.

Our Society would appreciate it very much, to receive a paper-back edition for review purposes, as we understand this book is not available through usual book-services, but only directly through you.

To our Society. We were established in 1950/51, being thus the oldest not only in Australia but one of the oldest in the World. Our membership is approaching the 600 mark, we look at the UFO-Problem in a serious and scientific way, are in constant touch with many leading scientists all over the World, like Dr. Hynek, Dr. Vallee, Prof. Oberth, Prof. McDonald, etc. We are in exchange re publications with about 120 various societies all over the World. That should give you our bona-fide.

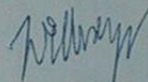

We publish two publications, all done by voluntary work by our members since 1953, at present a review, 1-2 times a year and a newsletter six times annually. The review is highly praised by many of our overseas friends.

I hope to hear soon from you and thank in advance for the copy of the book. If you require any contacts here in Australia re sale of this book, I shall be pleased to give you a hand in this matter.

Best regards for now.

Yours sincerely

William E. MOSER, J.P.  
Honorary Secretary.
