The Honourable Maurice Lamontagne,
Chairman,
Senate Committee on Science Policy,
The Senate,
Ottawa 4, Ontario.

Dear Sir:

I submitted a brief to your committee, titled, "Science, Society and the UFO", which was published as Appendix 212 to the Proceedings.

Because of increasing interest in UFOs by various scientific groups in many countries, I need to know at this time whether your report to the Government on the results of your studies of science policy in Canada will include any recommendations with respect to UFO research in Canada. Also, can you please give me an indication of when your report will be presented to the Government?

I hope you may be able to give me an early reply.

Yours truly,

Arthur Bray
