Dear John:

Thank you for the copy of the first issue of the directory and my apologies for being so slow in writing.

For future issues, I will be grateful if you will amend the last line of the entry on myself to indicate that I only investigate very unusual cases (I collect anything I can get my hands on). Due to the pressures of my employment, etc, I cannot go out and investigate every case that is brought to my attention - just impossible.

I see by the newspaper that the Canada Council has made the first grant, to yourself, for a UFO study. Congratulations! I would be very interested in learning details of the research project you are undertaking, how you are going about it, and of your progress.

Looking forward to hearing from you.

Sincerely,

A.T.
