The Blunt Reality:

General GEORGE C. MARSHALL, U.S. Armed Forces Chief of Staff during W.W.II and Secretary of State from 1947 to 1949:

"The United States authorities have established the fact that flying saucers were manned by visitors from outer space, and the visitors were trying to work out a method of breathing and staying alive in our atmosphere before landing and establishing contact." (Interview in 1955 to Flying Saucer Review, London, U.K.)

Air Marshal LORD DOWDING, Comdr. in Chief of the British Royal Air Force during World War II.:

"I am convinced that these objects do exist and that they are not manufactured by any nation on earth." Dowding's article in the London Sunday Dispatch. (See FATE November 1954, pp.24-26)

General NATHAN F. TWINING, Chief of Staff of the U.S. Air Force. (Analytic Report on UFOs, Sep.23, 1947):

"The phenomenon reported is something real and not visionary or fictitious. - There are objects probably approximating the shape of a disc, of such appreciable size as to appear to be as large as man-made aircraft."

HARRY S. TRUMAN, President of United States, (Press Conference, Apr.4, 1950):

"I can assure you that flying saucers given that they exist, are not constructed by any power on earth."

U.S. DEPARTMENT OF DEFENSE, AIR FORCE Press Desk, 26 Jan, 1953):

"The Air Force, and its investigating agency, "Project Bluebook", are aware of Major Keyhoe's conclusion that the "Flying Saucers" are from another planet. The Air Force has never denied that this possibility exists." "...but that if the apparently controlled maneuvers reported by many competent observers are correct, than the only remaining explanation is the interplanetary answer."

General LIONEL M. CHASSIN of France. NATO's Air Defense Coordinator, Alied Air Force in Europe, (April 23, 1958, Paris):

"It is vital for us to understand phenomena that may perhaps determine our own future."

Undeclared Warfare:

1952. CIA - CENTRAL INTELLIGENCE AGENCY, (Declassified Memorandum Sep.11,1952):

"A world wide reporting system has been instituted and major Air Force bases have been ordered to make interceptions of unidentified flying objects."

1974. ROBERT GALLEY, French Minister of Defense. (Interview with J.C.Bourret, Jan.28, 1974):

"UFOs are of interest to the national defense, and that's the reason why we are pursuing this matter, to see if we can establish patterns."
