GILLIS PURCELL, General Manager and Secretary

FRASER MACDOUGALL
CHIEF OF BUREAU
SUPERVISING PARLIAMENTARY SERVICE

BOX 595
OTTAWA 4, CANADA

Feb. 2, 1968.

Mr. Arthur Bray
1187 Agincourt Road
Ottawa 5.

Dear Mr. Bray:

Many thanks for your letter of Jan. 27.

We expected to carry a review of Science, the Public and the UFO long before now. But it has been delayed by a most unusual circumstance.

On its arrival in December, it was assigned to the man on our staff specializing in science reporting. He had expressed special interest in your subject.

A few days after getting the book, he resigned unexpectedly. This step coincided with a previous decision to take his annual holidays right after Christmas. On leaving staff, he took off immediately for Florida. In the confusion at the time we neglected to check him on the book which he either took with him or left at home.

He'll be back in Ottawa in a few days and we'll either get the book back for a fresh start or get the review out of him, even though he's off staff now.

Once we get that review it will be mailed to our Toronto office for handling in our CP Newsfeatures service, delivered by wire daily to the more than 100 CP member papers across the country. Our experience is that book reviews get wide use by the papers.

With kind regards,

Sincerely yours,

Chief of Bureau.
