SUBSCRIPTIONS AND ENQUIRY

University of Toronto Press
Toronto 5, Ontario
Area code 416: 928-2238

Mr. Arthur Bray,
1187 Agincourt Road,
Ottawa 5, Ontario.

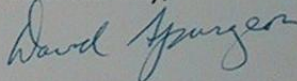

Dear Mr. Bray:

Thank you very much for your interesting letter of 19th April 1968.

We intend to have free and open discussion and to admit discussion on all subjects that seem pertinent. It is quite possible that at some time this may include the subject of unidentified flying objects; that will depend entirely, however, on the validity and value of the comments that we receive. It is also not impossible that we may carry articles on this subject but at the moment I feel that we have more pressing problems in science and technology in Canada.

Thanking you, I am,

Yours sincerely,

David Spurgeon,

Editor.
