

Mr. [REDACTED]

(b)(7)(C)

December 17, 1953

I appreciate your bringing this matter to my attention, and I have instructed that representatives of our San Diego Office again call on Mr. Adamski pointing out to him in no uncertain terms the falsity of his representations.

This Bureau has not endorsed, cleared, or approved any of Mr. Adamski's material and, of course, has not endorsed the book "Flying Saucers Have Landed" of which he is coauthor.

Sincerely yours,

J. Edgar Hoover
