

hydraulic actuators. It is only when you fully understand the overwhelming helplessness the government was faced with in the late '40's can you comprehend their perceived need for a total, thorough and sweeping cover-up to include the use of 'deadly force'.

The cover-up was so successful that as late as 1985 a senior scientist with the Jet Propulsion Laboratory, Pasadena, California, Dr. Al Hibbs would look at a video tape of an enormous flying saucer and state for the record, "I'm not going to assign anything to that (UFO) phenomena without a lot more data". Dr. Hibbs was looking at the naked emperor and saying "He certainly looks naked, but that doesn't prove he is naked."

In July of 1952 a panicked government watched helplessly as squadrons of 'flying saucers' flew over Washington, D.C. and buzzed the White House, the Capitol building and the Pentagon. It took all the imagination and intimidation the government could muster to force that incident out of the memory of the public.

Thousands of sightings occurred during the Korean war and several more saucers were retrieved by the Air Force. Some were stored at Wright-Patterson Air Force Base, some were stored at air force bases near the location of the crash sight.

One saucer was so enormous and the logistic problems in transportation so enormous that it was buried at the crash sight and remains there today.

The stories are legendary on transporting crashed saucers over long distances, moving only at night, purchasing complete farms, slashing through forests, blocking major highways, sometimes driving 2 and 3 lo-boys in tandem with an extraterrestrial load a hundred feet in diameter.

On April 30, 1964, the first communication between these aliens and the

U.S. Government took place at Holloman Air Force Base in New Mexico.

3 saucers landed at a pre-arranged area and a meeting was held between the aliens and intelligence officers of the U.S. Government.

During the period of 1969-1970-1971, MJ-12 representing the U.S. Government made a deal with these creatures called EBE's (extra-terrestrial biological entities, named by Detley Bronk, original MJ-12 member and 6th president of Johns Hopkins University). The 'deal' was that in exchange for 'technology' that they would provide to us we agreed to 'ignore' the abductions that were going on and suppress information on the cattle mutilations. The EBE's assured MJ-12 that the abductions (usually lasting about 2 hours) were merely the ongoing monitoring of developing civilizations.

In fact, the purposes for the abductions turned out to be:

- (1) Insertion of a 3mm spherical device through the nasal cavity of the abductee into the brain. The device is used for the biological monitoring, tracking and control of the abductee.
