The LODGE OF LIGHT

BULLETIN NO. 2 - ISSUED APRIL 15, 1954 AT THE LOS ANGELES CHAPTER.

* *

ON ORDERS FROM DR. GERALD, WE HAVE BEEN HOLDING UP THIS BULLETIN UNTIL WE SAW what the papers were allowed to say about several things---and they are now saying plenty. So shall we, in the hope that we shall not be muzzled before panic stricken politicians decide to outlaw everything and everybody!

We shall not use valuable space to emphasize the overwhelming indications of the bomb; for if you have not already been impressed by the reports current in the papers we could not add anything that would impress you further. April One, our Director, G. L. sent us a dispatch from his desert retreat which gave us an additional shock in a remote part of our minds which the explosion out in the Pacific somehow missed. We are condensing the vital parts of his message into the following paragraphs which we hope ALL of you will read again and again---since it has deep meaning for each of you.

IMMEDIATELY ON THE HEELS OF THE PACIFIC PROJECT WE WILL HAVE TO PREpare to combat an insidious wave of fear and despair emanating from our own American intellectuals. This will assume the appearance of an illumined sense of resignation to the "facts of death" which confront us in the form of retaliation from Russia. It will be suggested that rather than lose everything, including our lives, that we should accept Communistic control of our country. "Anything is better than death" will be the simple theme, repeated over and over from shore to shore. The people who make us this proposition will not necessarily be Reds. They will be men and women of prominence in many fields; but "Surrender now while there is something left to surrender" will be their chant. We will hear this "Voice of Wisdom" from thousands of writers, speakers and public men of every station. And it will mark the 'Time of the End' in rather a surprising fashion, for the main purpose behind this campaign of intellectual surrender will be the destruction of our nation as a nation of 48 states. A divided Republic is the one hope of the Russians dictators, the only hope of certain of our deluded Americans. Look in your files for April 1930, and note "The Great Separation."

From the LODGE JOURNAL, April 1930, we make this extraction of a report filed by G. L.: "With the discovery of Pluto the world will set forth on a cycle of events which no seer, however illumined, would expect many to believe. Still, by 1955 the destruction of the Great American Union into smaller, weaker and helpless sections will be ready to assume actuality. Some will argue that this is the wisest plan to follow since the country will by then be topheavy with bureaucracy, the rule of clerks. However, the particularily persuasive reason for dividing the Republic into several kingdoms will stem from the gigantic destructive power of Pluto. Who can say just what the magnetism of this strange planet will produce! But whatever it is, it will be marked with a terrible fury, an overwhelming violence Humanity has never known yet. And all Mankind will stand in utter amazement at the diabolic power of Pluto!

OVER THE YEARS WE HAVE HAD MANY OPPORTUNITIES TO WITNESS THE STRANGE faculty of foreknowledge which has made Gerald Light a fascinating personality in the highly competitive field of modern mysticism. Not only is it an honor to be a part of his Inner Circle, it is a great comfort---for we are confident that in these incredible days of bombs and Saucerians he will provide us with the necessary counsel and direction to meet all these emergencies. Yet in spite of our years of near association with him we never fail to get a thrill as we watch his prescience in action. And when a fellow-member walked into the office to hand us a copy of 'TIME' we knew something was 'up' from his expression. And it WAS! For on page 22 of the April 12 issue we read this:

> "In a letter to the N.Y.Times, Author-Critic Lewis Mumford wrote: Submission to Communist totalitarianism would still be far wiser than the final destruction of civilization....Let us cease all further experiments with even more horrifying weapons of destruction.. lest our own self-induced fears further upset our mental balance. Let us deal with our own massive sins and errors...and have courage to speak up against the methodology of barbarism to which we are now committed. If as a nation we have become mad, it is time for the world to take note of that madness."

So long as the members of The Lodge of Light have such excellent advance information on the destiny of national affairs, we feel certain that our personal affairs and private careers will never suffer from lack of proper supervision and guidance from our Teachers.

In Bulletin One, dated 3/6/54 reference was made to an Etheric Activity which would reach a critical point in the autumn of 1955. The conspiracy of confusion and fear which Dr.Light warns us against is a part of this Etheric Activity. A full explanation of the Etheric Conspiracy which is to reach a critical point in late 1955 is available to those who wish to associate themselves with The Lodge. In these Bulletins we can give only a review of the conditions of the Atomic Age as they arise. You are invited to contact us for further details.

* *

Then there is the shocking matter of treason in the high positions of our scientific activities. According to the papers we are advised of the alleged treasonal betrayal of atomic secrets to Russia by men who have held unquestioned places of power and prerogative as scientists of the genius caliber. Our Teacher suggests that we all be very careful that we do not fall into the typical attitude of the multitude and condemn these men upon the superficial indications of their actions. These men MAY have given Russia our atomic secrets. But was it merely to betray us or to---protect us????? Perhaps they hoped that giving Russia our atomic know-how would make wars forever impossible. Hence, let us not be too hasty in condemning Mr.Oppenheimer and the others. Their motives may have been noble and exalted beyond our understanding.

THE SAUCER PROJECT AT MUROC, CALIFORNIA, HAS TAKEN THE PRIZE FOR ACCOUNTING for over 50% of our mail this month. Is it? Or is it aint? IT IS! Here is a memo from our Director: "By all means please include in your next Bulletin a statement about the wonderful doings up at Muroc. And tell our friends the truth once and for all. Tell them there ARE Space-Ships in the roped-off section of this secret base. They have been there since before President Eisenhower took his strange vacation at Palm Springs, and we will all hear of it shortly in the papers if Ike has his way. But caution your readers against too much hastly criticism of these bewildered people of earth who are our appointed authorities. Many of our officials sincerely wish to give the public full information about this world-shaking visit of Beings from out other planes and planets. Other officials, certainly as responsible and sincere, are fearful of the widespread panic and hysteria we will unquestionably have if the matter is handled carelessly."

This hysteria which G.L. speaks of is a very real danger. If you could read some of the letters we recieve from Students who are worried about these matters, you would not wonder why responsible people are seriously worried over the reactions of the masses when they get positive assurance that the Etherians ARE HERE, and in great numbers.

WE ARE DOING OUR BEST TO INFORM ALL INTERESTED STUDENTS OF THE OCCULT OR psychic principles which are behind this incredible manifestation the public humorously calls a "Flying Saucer." And as far as we can discover we are completely alone in this project. Say what you will, the simple but unassailable fact remains: Until Dr. Gerald Light, with the courageous assistance of Meade Layne of BSRA, wrote out a detailed summary of the psychology and philosophy of these Space-Beings, nothing, absolutely nothing, was known about their basic nature and activities. Many books, and speakers, are now available upon the elementary fact of the existence, or presence, of Etherian Entities---enough to convince anyone that such Beings are real, and are here. None of these books, nor a single one of these speakers, offered the simplest analysis of the Etherian Visitors from the standpoint of their essential nature, their personality, their standards, their attitudes of life. Even the men who claim to have received a personal visit from the Etherians, or even entered their air-ships---none of these men have offered us a crumb of information concerning the Beings themselves. And WHY have they not????

There are only two possible answers to this extremely important question:
1. These writers and speakers are liars, imposters who never saw a Saucer;
2. These writers and speakers are totally unprepared to understand occult, psychic or "spiritual" principles which underlie their experience with the Beings from other worlds. We prefer to believe that the second possibility is the proper answer to the puzzling question; and most of the writers have, with admirable sincerity, admitted their complete inability to grasp the nature and meaning of the Beings and "miracles" they witnessed. Hence, they could hardly be expected to explain anything about the Etheric Races which had sent their ambassadors to our planet and its people.

* *

FOR ALMOST FOUR YEARS GERALD LIGHT MAINTAINED AN UNBREAKABLE SILENCE ABOUT HIS experiences with these visitors from other worlds. Only after the persistent persuasion of Meade Layne did he attempt to reveal something of the amazing instruction and information he had been given, almost forcibly, by Beings from out the "empty" spaces of the universe. Every possible scheme has been presented to Gerald Light by selfish promoters hoping to make a killing out of his ordeal. They have failed! And ONE man upon this planet is giving Humanity absolutely the only knowledge of the psychology, philosophy and civilization of these Men of Space, these Etherians. That man is---GERALD LIGHT. Thank God for such a Man!

APRIL 22nd: This Bulletin has been delayed again to permit us to secure definite, positive proof that our mail is being systematically intercepted and delayed, if not actually destroyed. If, because of the policy of the authorities it is not longer possible for Gerald Light to send you his Message from the Etherians, then we intend to finance a campaign which will send him on a lecture tour from coast to coast. It is relatively simple to gather a thousand people any day to hear from the lips of our courageous Dr. Gerald the amazing things he has learned, at first hand, from the Visitors of Outer-Space. Hence by attempting to suppress his written communications certain political forces will only defeat their ends by compelling him to reach many more thru lectures than he could thru the mails.

For months Gerald Light has quietly contacted a special group of people by using the platforms of various churches, avoiding all sensationalism, strictly barring all news reporters and declining highly profitable offers of radio and T.V. Believing that the general public was being amply informed by Adamski, Bethurum, Williamson and others, he has sought to reach the highly selective groups which make up our metaphysical and occult societies--since only a grasp of the basic metaphysical principles will ever enable anyone to understand the nature and activities of these Visitors from other worlds and other planes of life.

HIS HEALING HEART, THE TEMPLES OF HEALING, SHRINES OF LIGHT and HIS PERFECT PLAN are the four books by Gerald Light that contain a simplified explanation of the Basic Principles of Etherian Sciences. They are designed for general public circulation, and will be available May First, at one dollar each, as always, even though we can never meet our costs at this token charge of one dollar per book. (Where can you get such a book, with quality printing, art-sketches, for one dollar?)

Through HARMONICS, private lessons written by Dr. Gerald for his Inner Circle, you may secure a more detailed and technical instruction in Etheric Science. Write for a sample Lesson if you think you are ready for the New Age Way of Life. (If, after two weeks, you have not received your books, or heard from us about them, will you kindly drop us a note to that effect. This is important for our files.)

Please address ALL your mail to Gerald Light, 10545 SCENARIO LANE, LOS ANGELES 24. And if you wish only Gerald Light to read your letters, mark it "personal" and it will reach him intact.

Cordially, In The Light of Reality,

R.S.V.P.

Secy.
