Meade Layne Quote about light Aug 15 1954

”Writing us on or about August first, Gerald Light asks: ”Could you mention that I shall be away from California indefinetely and unable to receive visitors – even from Clarion”… The opposition and persecution encountered by Gerald Light, in the course of his residence and lectures in the Los Angeles area, is almost incredible. It seems to stem mainly from certain fanatical religious groups, and includes incendiarism, slashing of automobile tires, and other extensive property damage.” Meade Layne, clips, Quotes, & Comments, C4, Aug 15, 1954, p. 4.
