

PROJECT 10073 RECORD CARD

1. DATE 17 Jan 52	2. LOCATION E. LONG ISLAND, NEW YORK	3. CONCLUSIONS ☐ Was Colloidal ☐ Probably Balloon ☐ Possibly Balloon ☐ Was Aircraft ☐ Probably Aircraft ☐ Possibly Aircraft ☒ Was Astronomical ☒ Probably Astronomical (METEOR) ☐ Possibly Astronomical
4. DATE-TIME OBSERVED Local 17/0100 EST GMT 17/0600 Z	5. TYPE OF OBSERVATION ☐ Ground Visual ☐ Ground Radar ☐ Aerial Visual ☐ Aerial Intercept Radar	6. SOURCE Civilian man
7. LENGTH OF OBSERVATION 5 Sec.	8. NUMBER OF OBJECTS 1	9. COURSE 100° & 45°
10. BRIEF SUMMARY OF SIGHTING Bright yellowish orange light came out of the SE horizon traveling at a high rate of speed on a horizontal course. As the light approached, it seemed to get brighter and gain speed appearing to a tail. It disappeared by exploding.		11. COMMENTS -

APPROX. DIRECTION
WHERE FLASH WAS SEEN.

① A LIGHT SIMILAR TO THAT OF AN AIR PLANE,
CAME OUT OF THE SOUTH EASTERN HORIZON,
AS IT CAME CLOSER, IT VEERED TO A NORTH
EASTERN DIRECTION.

② THIS LIGHT TRAVELED IN A HORIZONTAL COURSE
THEREFORE I FEEL IT WAS NOT A METEOR.

SHEET 1 OF 5

7-3912-42

- ① THE BALL OF LIGHT APPEARED OVAL IN SHAPE AND BRIGHT YELLOW-ORANGE IN COLOR.

- ② AS THE LIGHT APPROACHED, IT SEEMED TO GET BRIGHTER AND GAIN SPEED AS IT VEERED EASTWARD. ON VEERING, A BLUE-WHITE CRESCENT AND FUSE-LIKE LIGHT, BEGAN TO APPEAR ON THE TAIL END.

- ③ ON ITS EASTWARD COURSE - THERE WAS A SUDDEN FLASH, SMALL IN SIZE, THEN IT BEGAN TO BLOOM LARGER AND LARGER, LIGHTING ITS WHOLE AREA WITH A GREEN COLORED DAYLIGHT.

THE FLASH WAS OF THE LIGHT GREEN
SHADES - AS SEEN IN R. SPECTRUM.

LOW LYING CLOUDS
EXPOSED ON THE
HORIZON BY THE
LIGHT.

BRILLIANT WHITE
GREEN LIGHT AT
CENTER - BRIGHT
AS DAYLIGHT.

ACTUAL DESCRIPTION OF FLASH IN
FULL BLOOM.

THE WHOLE EPISODE - FROM FIRST FLASH TO
FULL BLOOM - LASTED APPROXIMATELY 5 SECONDS.

THE ORANGE-YELLOW LIGHT COULD
BE THE FLASH OF JETS.

THE BLUE CRESCENT COULD
HAVE BEEN THE EXPOSURE
OF JETS AS IT BEGAN TO
VEER ON ITS COURSE.

{SIMILAR TO THAT OF
(AN AIRPLANE ENGINE EXHAUST.)}

BRILLIANT BLUE-
WHITE TRAIL LIGHT
APPEARED AS A
SPUTTERING FUSE

THIS IS JUST A THEORY OF
THE OBJECT.

FLASHES. REPORTED
IN. NEW. MEXICO
AS PER. NEWSPAPER
ARTICLE.

U.S.A.

FLASH. SEEN. IN
LONG ISLAND, N.Y.
DURING THE EARLY
MORNING OF
JAN. 17, 1952
BETW. 100AM & 120AM.

SOUTHEASTERLY
APPROACH

POSSIBLE POINT
OF ORIGIN - OR
THE ANTARTIC?

W. W. Ottinger
Lt. Colonel, USAF
Executive, Evaluation Division
Directorate of Intelligence

Dear Sir:

I am in receipt of your letter of March 27, 1952. It was most encouraging to learn that my information was of interest to you.

I am taking the liberty of forwarding additional descriptive details which is in conjunction with my previous report.

Perhaps this may be of further service to you, I remain,

Sincerely,

~~W. W. Ottinger~~

~~W. W. Ottinger~~

New York.

Executive, Evaluation Division
Directorate of Intelligence

② AT THIS POINT OF VEERING, THE LIGHT CHANGED SHAPE VERY RAPIDLY — SHOWING PART OF ORANGE LIGHT AND REVEALING A BLUE-WHITE CRESCENT WHICH SEEMED TO COME OUT OF PORTS OR JETS.

④ THIS OBJECT VEERED INTO THE DIRECTION OF "MITCHEL FIELD AIR BASE" AND EXPLODE IN THE DIRECTION OF THE "BROOK HAVEN ATOMIC LABORATORIES" FROM MY POINT OF OBSERVATION.

⑤ THE NIGHT WAS DARK (NO MOON & MISTY) AND IMPOSSIBLE TO SEE ANY OUTLINE OF THE OBJECT.

POINT OF OBSERVER

- ② CHANGING OF COURSE REVEALED
A DIFFERENT PATTERN OF
LIGHT - SHOWING AN ORANGE
AND BLUE CRESCENT.

PLAN VIEW - SHOWING THEORY OF OBJECT.

- ① MISSILE APPROACHING IN
DARK FROM THIS ANGLE
SHOWED ONLY EXHAUST FLAMES.

TAIL VIEW

ORANGE & BLUE CRESCENTS

- ③ ON VEERING - THIS ANGLE SHOWED A DEFINATE
DARK OUTLINE - THEREFORE I FEEL IT MUST BE
A TUBULAR PROJECTILE.

(PROBABLY THE CRESCENT LIGHTS SEEM)
(TO CREATE THE ILLUSION OF FLYING SAUCERS.)

FORCE OF SPEED PUSHED
THE PLASMAS INTO SPACE.

THIS SKETCH SHOWS THEORY OF GREEN FLASHES AS
THEY WOULD APPEAR FROM A SIDE VIEW.

BEING IN A TECHNICAL FIELD AND HAVING EXPERIENCE
WITH VARIOUS METALS, I HAVE OBSERVED THAT COPPER,
COPPER DUST OR SHAVINGS IN A FLAME HAVE ALWAYS
PRODUCED A GREEN LIGHT. PERHAPS THIS MISSILE
MAY BE COMPOSED OF SOME COPPER ELEMENTS.

Dear Mr. [REDACTED]

We wish to thank you for the additional information that you supplied in your letter of 29 March 1952.

Once again, let us assure you that this data will be incorporated in our intelligence analysis of this problem.

In the future, we would appreciate your addressing all correspondence dealing with this subject to the Chief, Air Technical Intelligence Center, Wright-Patterson Air Force Base, Ohio.

Sincerely,

/s/ W. W. OLFINGER
