3. OBSERVATIONS

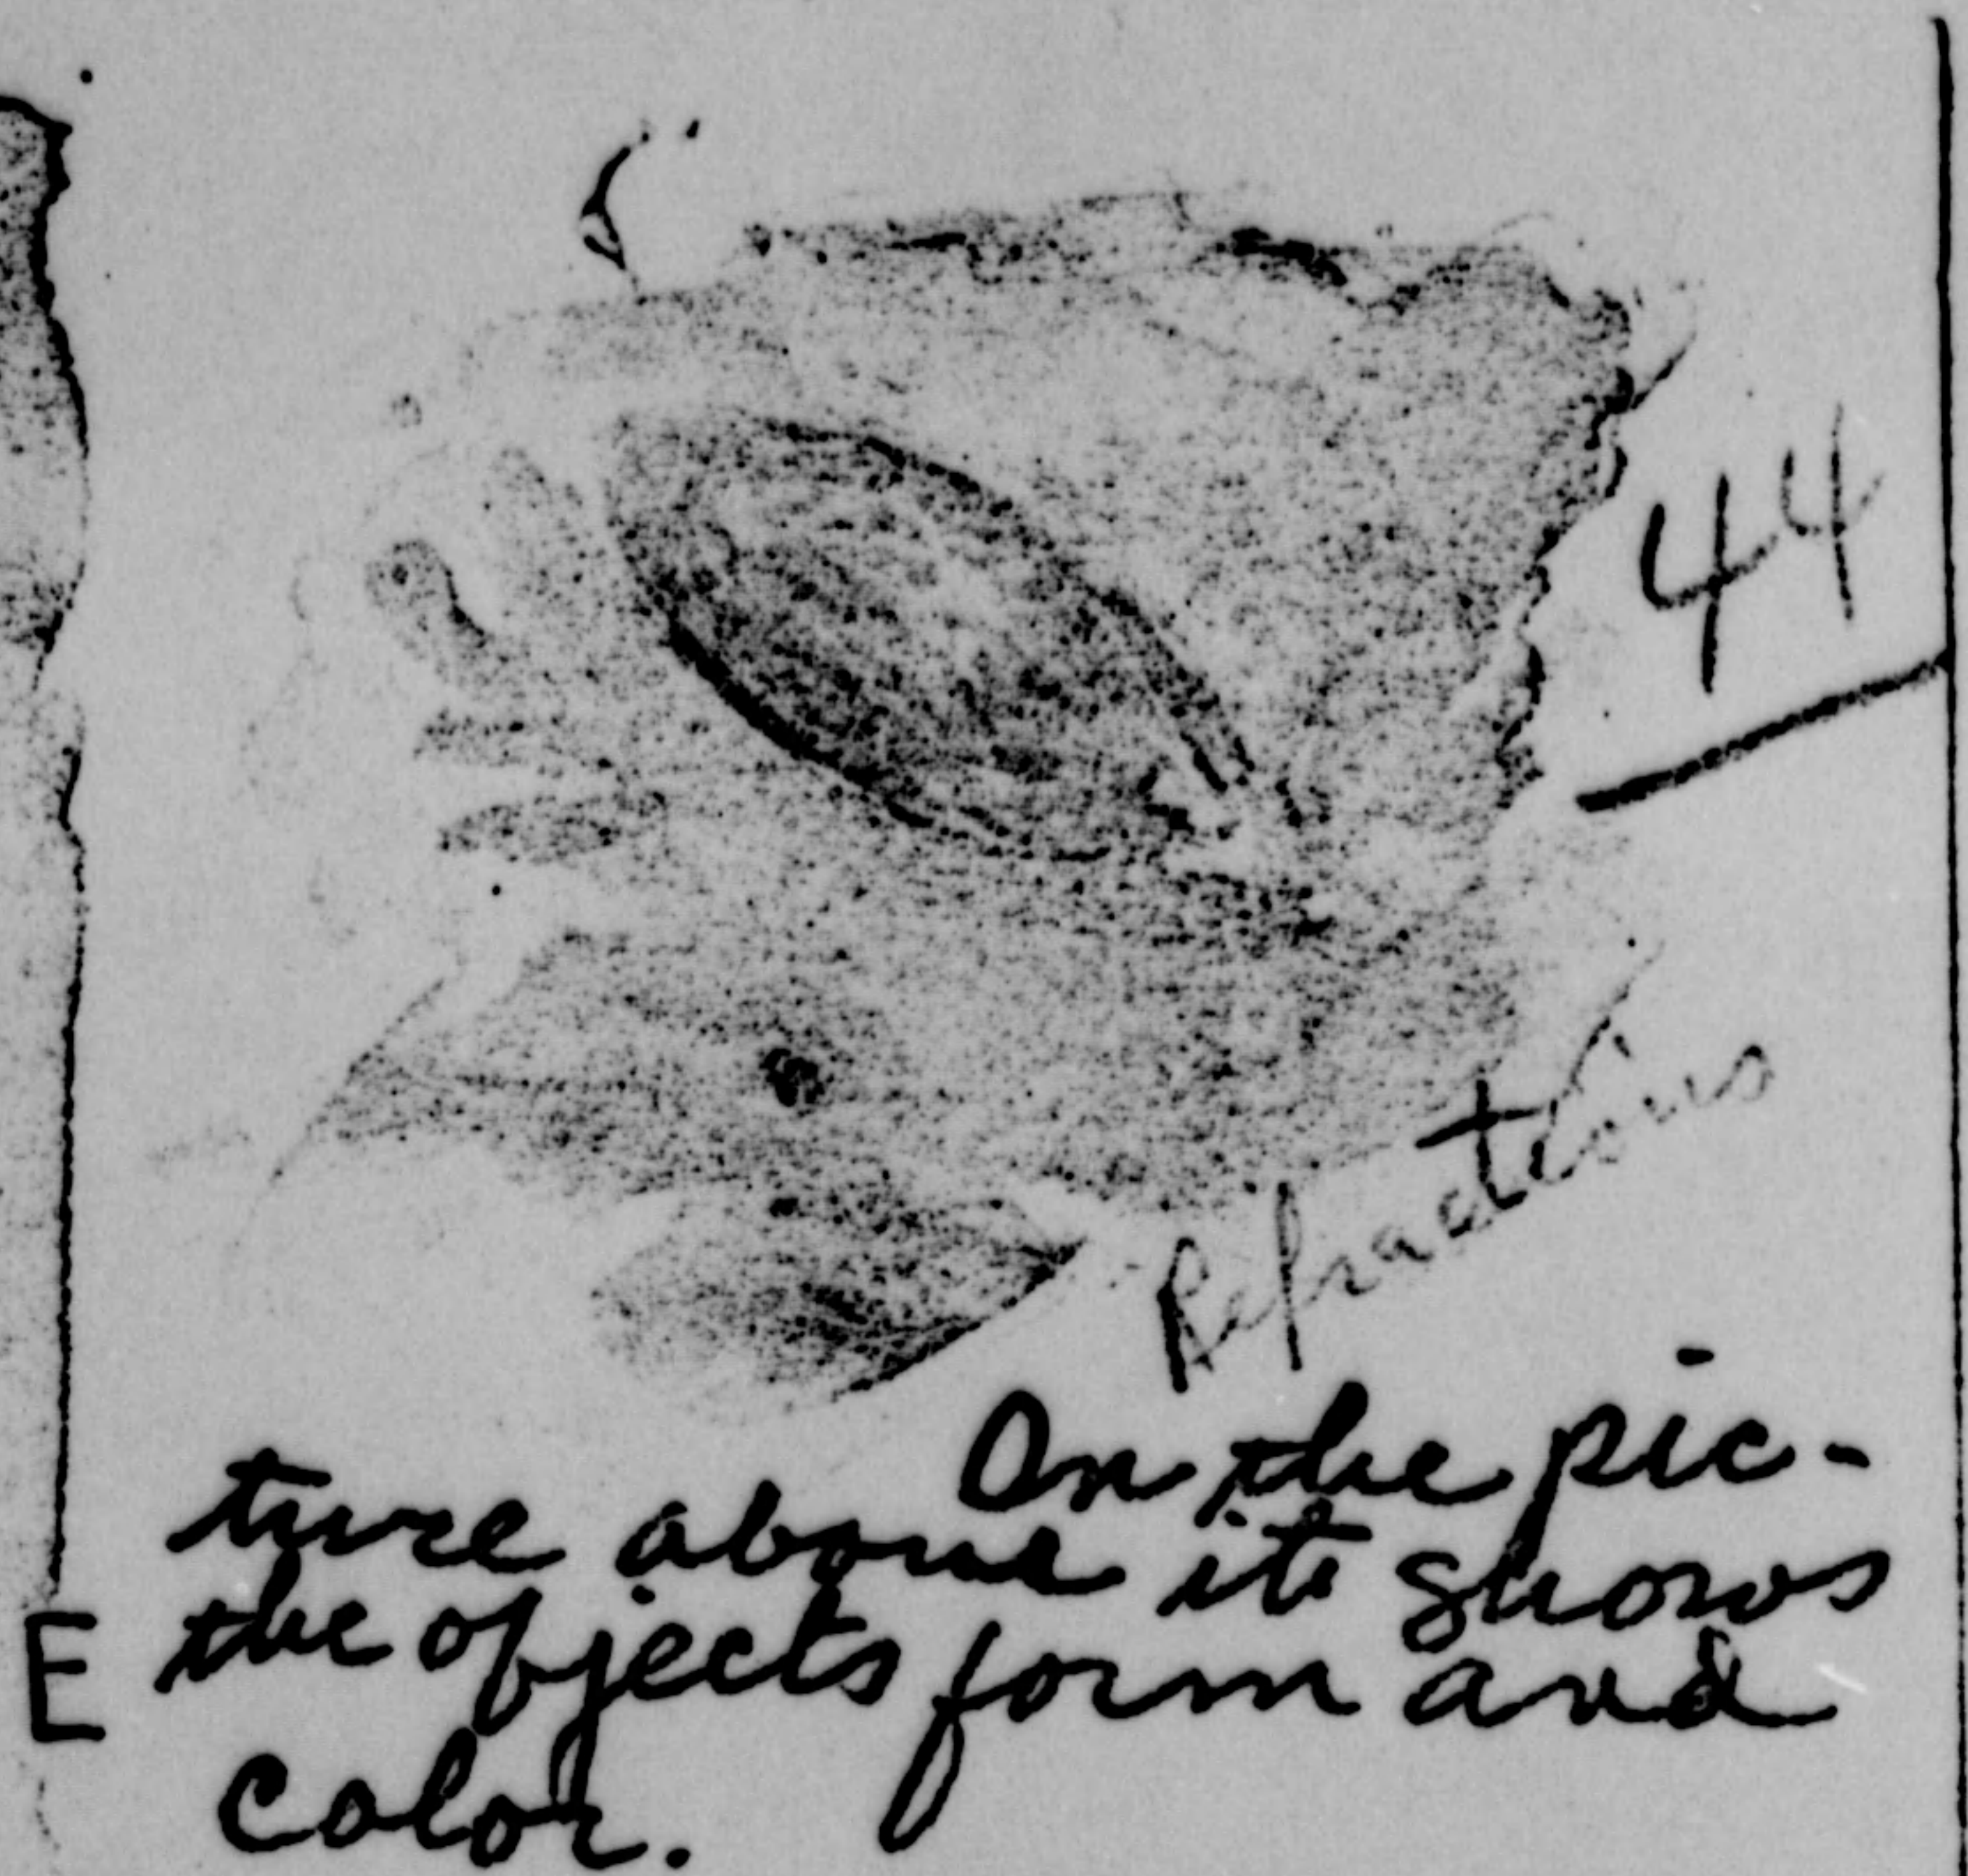

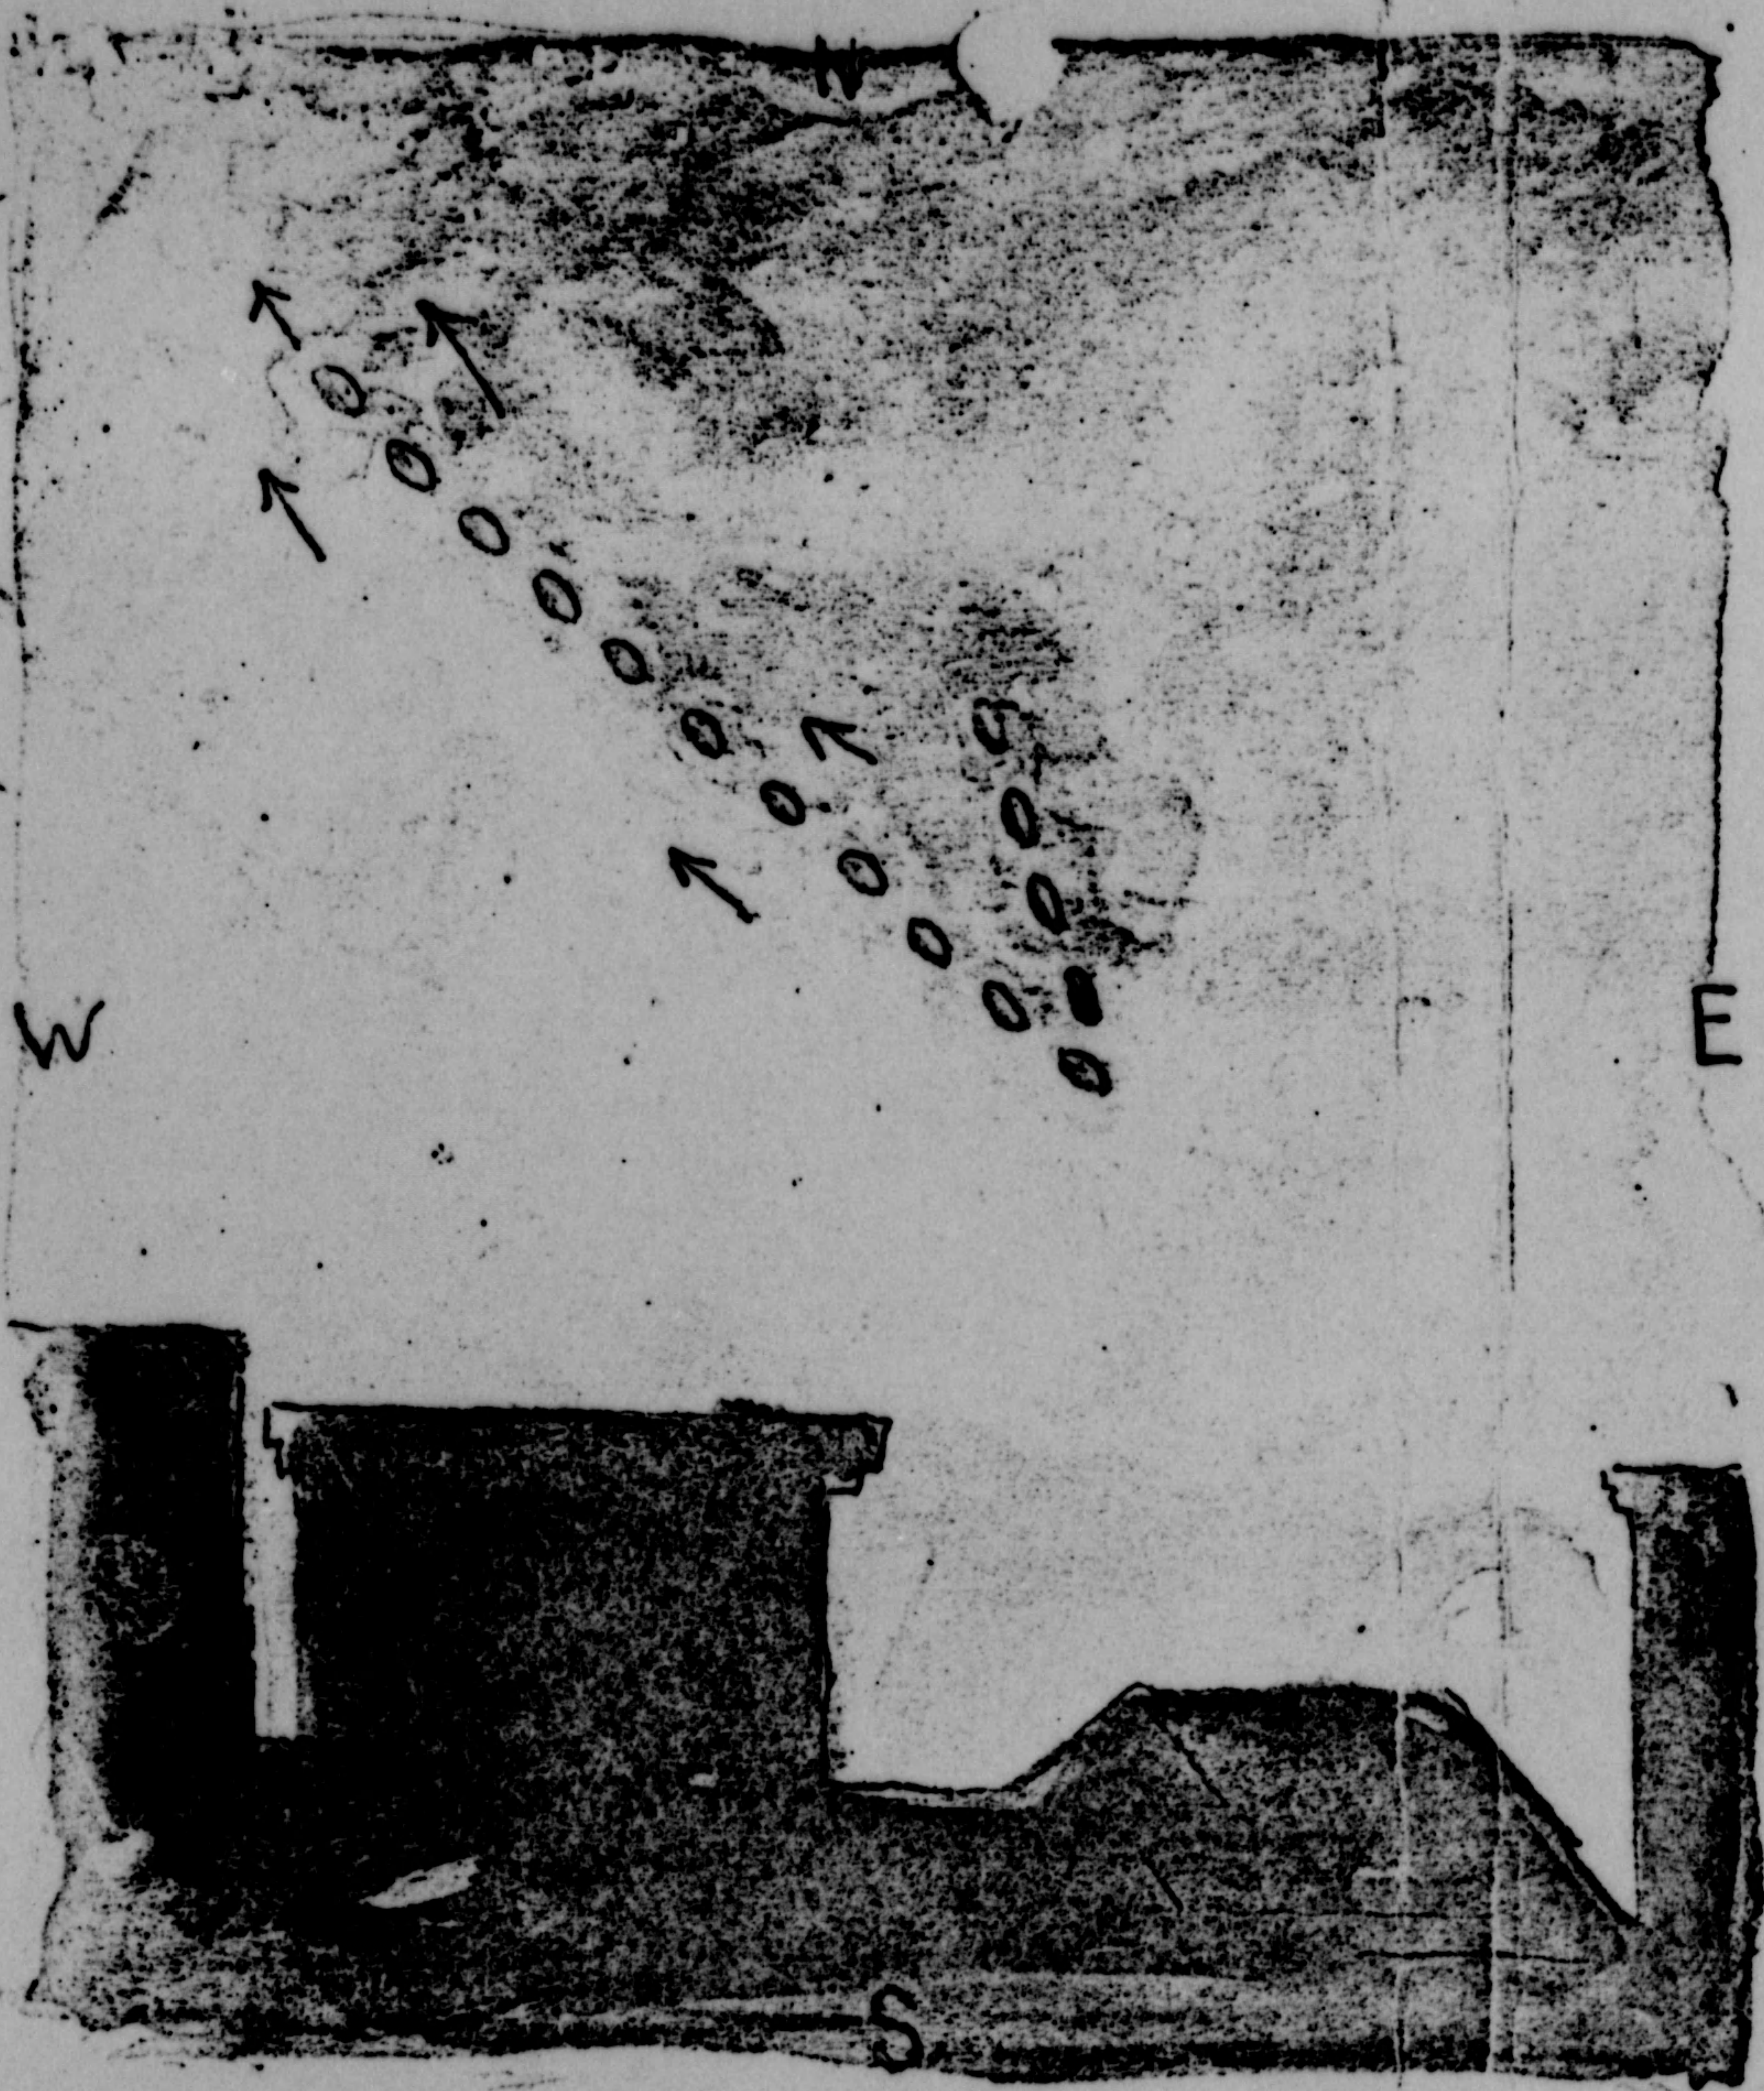

1. 18/0215 EDT

2. 18/0215 Z

XXC: 18/0215 EDT

17 objects were seen by group of women in the Bronx. Incident was reported by 12-year old girl, who made painting of phenomenon. Objects appeared in an inverted "J" formation for 10 sec, flying very fast (300 mph).

This case contains 1, $5\frac{1}{2} \times 7\frac{1}{2}$ "
watercolor drawing.

On the picture above it shows the objects form and color.

On the picture at the left it shows the formation and direction in which it traveled.

Recent

[REDACTED]
[REDACTED] N.Y.
Dear Sir:

By the time you have already looked at the pictures. You can guess it concerns the flying saucers or whatever they may be.

At exactly 10:15 P.M. on July 25, 1952 Friday. Mrs. [REDACTED] my sister [REDACTED], Mrs. [REDACTED], and myself saw these strange objects in the sky. When we first spotted them, they came from the south. They revealed no sound at all. They were quite high and traveled North West only and were seen for about 10 seconds in the sky. Then they were hidden by the buildings. They

City to Close 100 'Firetraps' in Bronx

A hundred Bronx dwellings, adjudged "dangerous and unfit for human habitation" for "lack of fire escapes" and other minimum safeguards, will be shut down by the Housing and Buildings Dept. before the end of the year, The Post learned today.

Chief Inspector Timothy J. Noonan, of the department's Bronx division, said the borough-wide crackdown—largest in scope

since the LaGuardia era—was centered against landlords who had illegally converted apartment buildings into hazardous, congested rooming houses.

Many of the buildings, Noonan said, were old law tenements which were swarming with human beings jammed together in rooms instead of the apartments the landlords' licenses called for.

Condemnation proceedings, Noonan told The Post, were pending against "about a hundred illegally-operated buildings, all of which lack fire escapes."

Large numbers of tenants will be forced to vacate the condemned buildings, the housing official noted, but added that the department—with the aid of the City Housing Authority and Welfare Dept.—was making every effort to relocate the evicted families.

The first of the ousters, Noonan said, is slated for Saturday, Aug. 3, when 24 persons—7 adults and 17 children—will be evicted from a two-story frame dwelling at 1684 Washington Av.

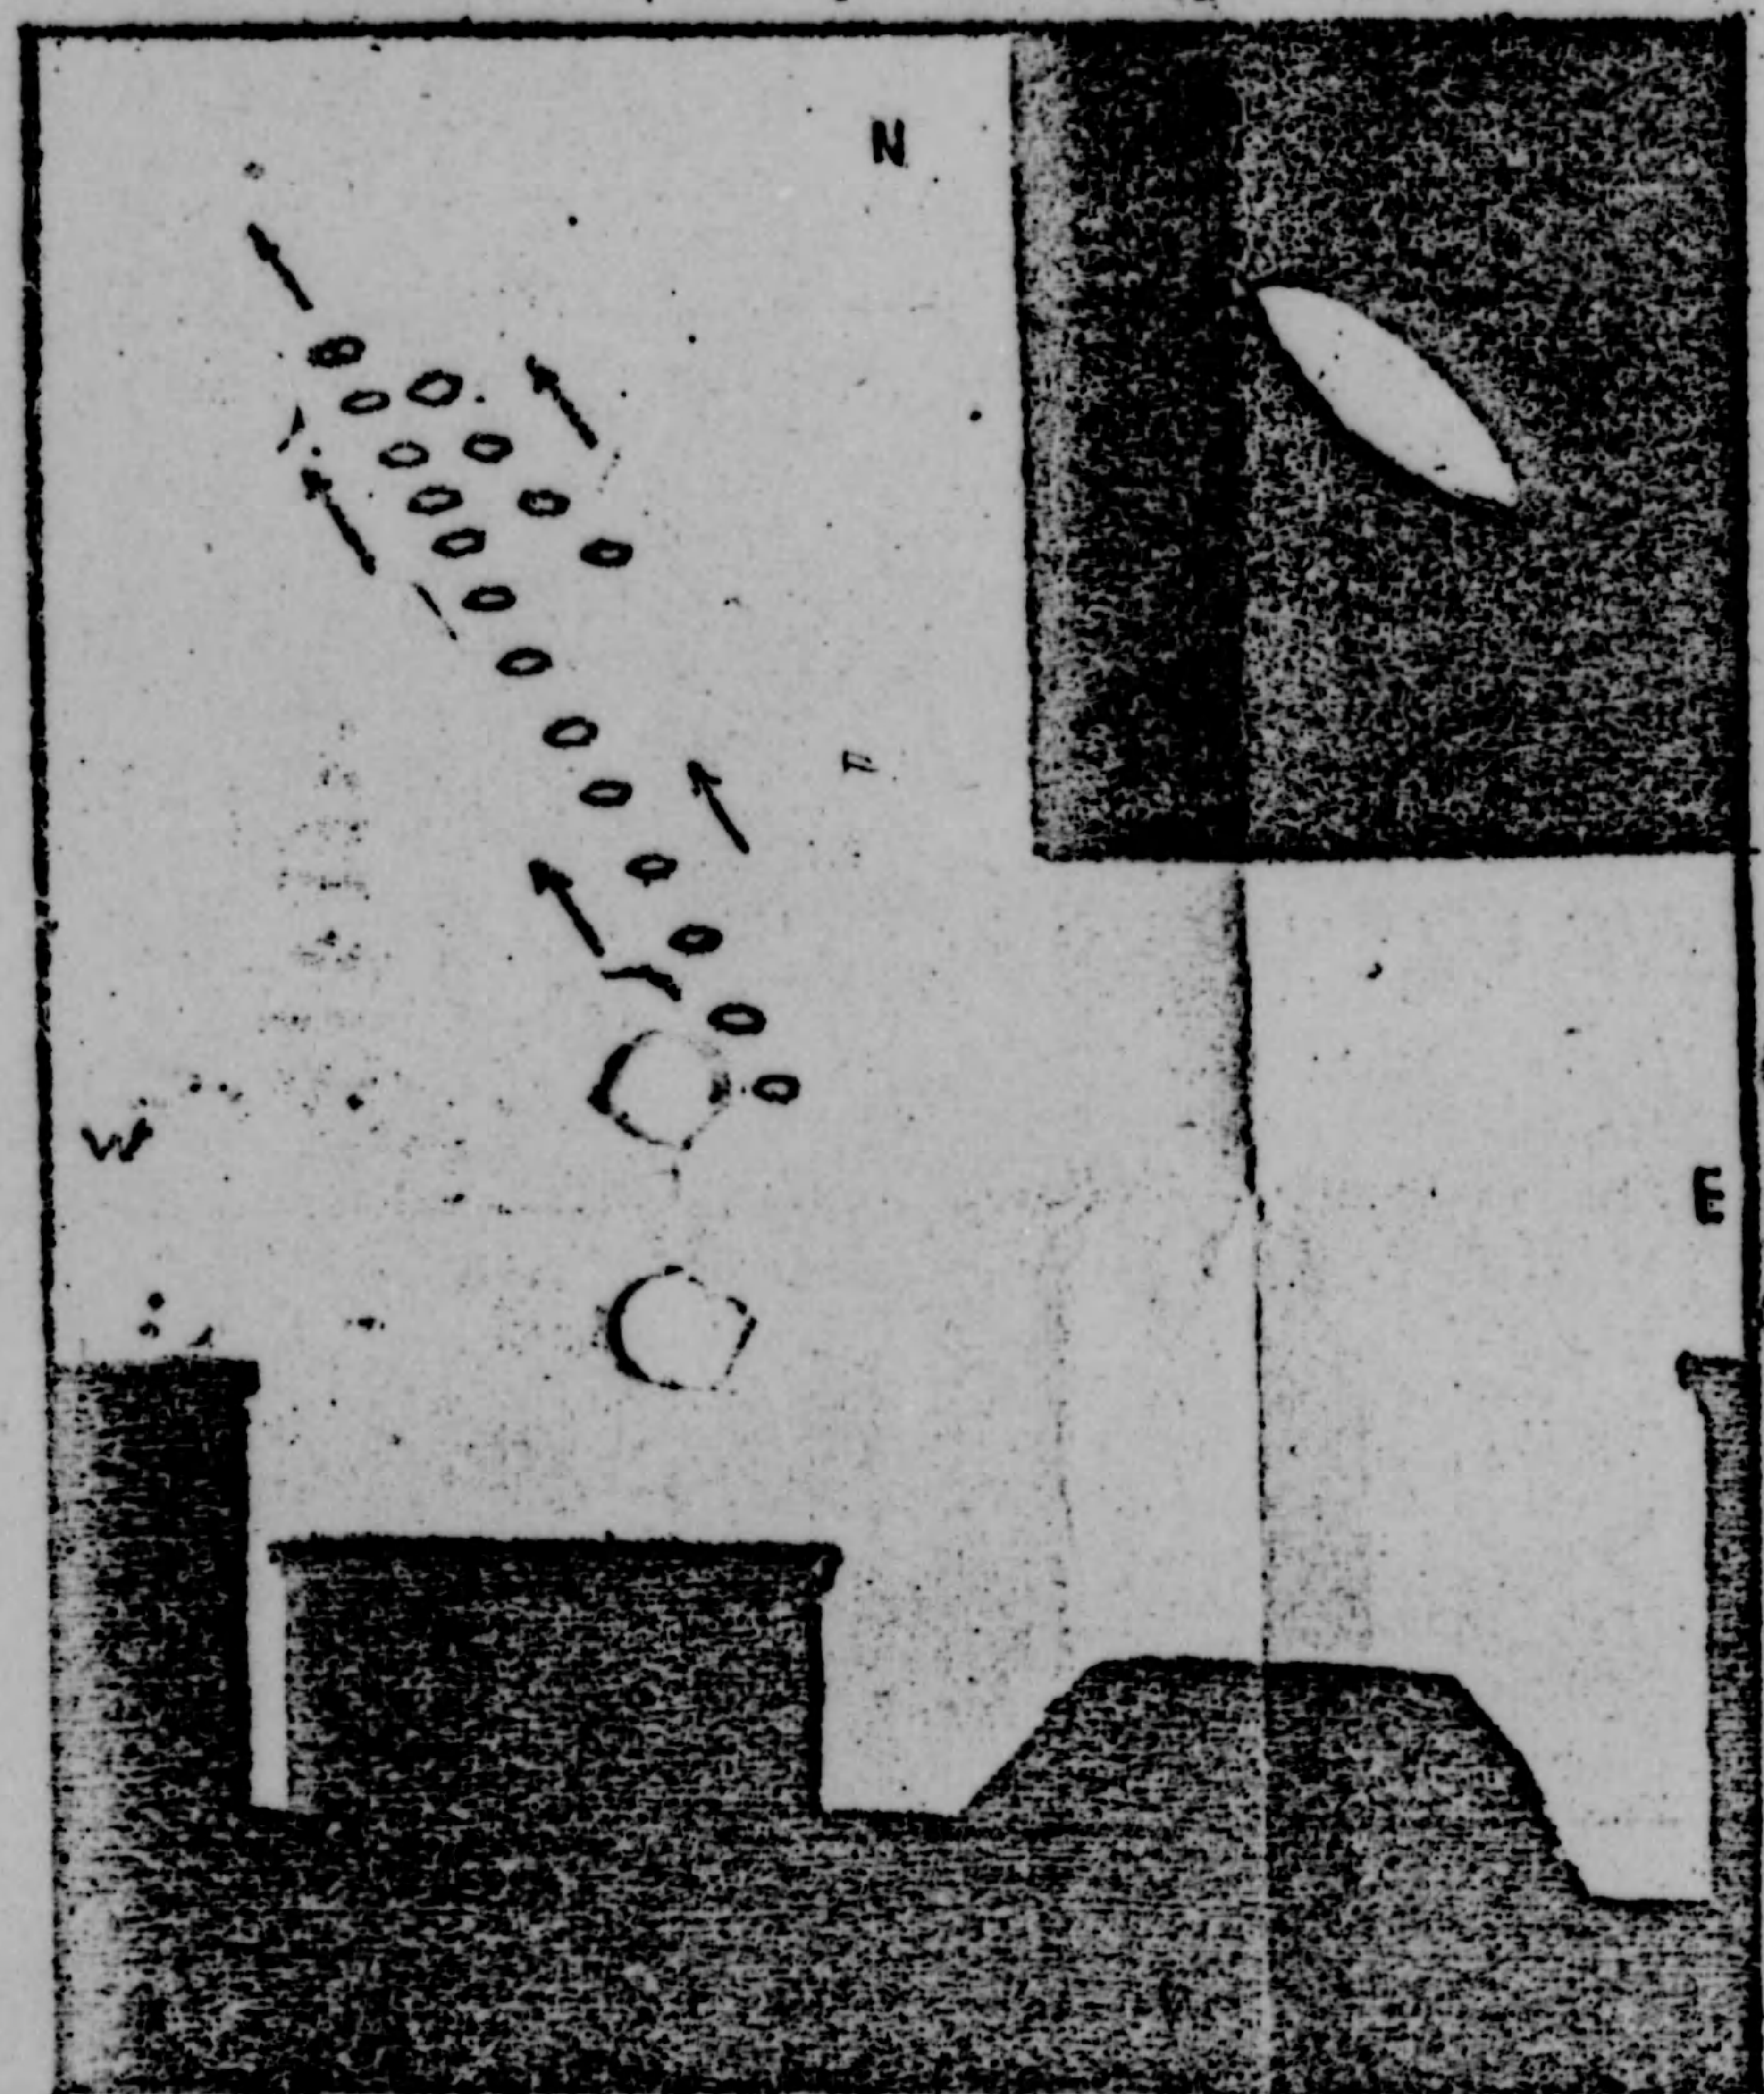

As many as seven persons a room had been jammed into the building which had illegally, Noonan said, been converted into a rooming house.

He added that similar condemnation and eviction proceedings

17 'Saucers' Sighted In Sky Over Bronx

By HARRY SWIRSKY

It might appear to be just another "flying saucer" tale. Yet it involves not one "saucer"—but 17 of the mysterious objects. The "saucers"—which appeared reddish orange in color—were sighted in the sky above 1041 Tiffany St., in the East Bronx, late Friday night by two women and two girls.

This is a sketch of the "flying saucer" formation drawn by Rita Acuna which she and three others saw streaking across the skies. The original has been sent to Air Force officials.

"It was a hot dull night and we began counting stars for excitement," said Rita Acuna, 16, of 1035 Tiffany St.

"But it proved far more exciting than we might have imagined," she said, "for we wound up counting 'saucers' instead."

"They sped through the sky in a huge reddish orange formation—which looked like an upside down 'J,'" the girl said.

"Although they were visible for only about 10 seconds, we managed to count 17 in all."

Rita's observations were confirmed by her mother, Mrs. Marie Acuna; a neighbor, Mrs. Sylvia Finkelstein, of 1041 Tiffany St., the girl's little sister, Yvonne, 9, all of whom had been engaged in "star counting" when the saucers were sighted.

"I've seen eclipses and things like that," said Mrs. Finkelstein, "but this was different—and more thrilling—than anything I've ever seen."

Rather than rely on pure memory, Rita, a commercial art student at the High School of Industrial Art, ran upstairs and made a water color painting of what she had seen.

The drawing was sent to Air Force officials for possible investigation.

The Tiffany St. "saucer" case was second of its kind to be reported in the Bronx within the last few weeks.

Six persons reported seeing a similar twirling object speed through the air over a rooftop at 1555 Boston Rd. on June 26.

Meanwhile, in Washington Air Force officials were investigating reports of a series of "glowing white" lights which streaked over the nation's capital for two successive weekends.

Jet planes capable of speeds of 600 miles an hour made a futile attempt to overtake the mysteri-

City Acts Traffic Snafu Bared by

The Traffic Dept. today gave fusing merry-go-round formed by Pelham Pkwy. N. and Bronx Park E. before the week is out.

The announcement came from Acting Traffic Commissioner Wiley less than 24 hours after this newspaper pointed out the confusing traffic pattern brought on by two one-way streets converging at right angles.

According to Wiley, Pelham Pkwy. N., established a few weeks ago as a one-way west street, will be restored to two-way traffic as soon as the signs can be taken down. A "No Through Traffic" sign at nearby Reiss Pl. and Bronx Park E. would also be removed, he said.

The Post had pointed out that drivers heading south along Bronx Park E. were sent into a dizzy series of left and right turns to get out of the pocket formed at the blind intersection.

The route included turns from Bronx Park E. to Reiss Pl., left to Barker Av., right on Thwaites Pl., left on Olinville Av., right on Astor Pr., and finally right to Boston Rd., more than a quarter

2 Boys Held Without Bail In Sniper-Slaying of Rabbi

Edward Baldwin, 16, of 4151 Paulding Av., The Bronx, and his pal, Donald Ferrick, 17, of 594 Morgan Av., Brooklyn, were being held without bail today on an indictment charging them with the murder of Rabbi Samuel London.

The youths, arrested July 17 when they tried to sell the .22 caliber rifle used in the sniper-slaying of the young rabbi June 26, were said to have admitted the killing at the time of their arrest but pleaded "not guilty" at yesterday's arraignment in Kings County Court.

The indictment charges that Ferrick, "aided, abetted and counselled by Baldwin," shot and killed the young Talmudic scholar. Baldwin was not repre-

sented by counsel because neither he nor his family had the money to retain one, he told Judge Sobel.

Shirley Samuels, 19, of 1261 Brook Av., The Bronx, was in critical condition today in Morrisania Hospital with a bullet wound inflicted by her boy friend

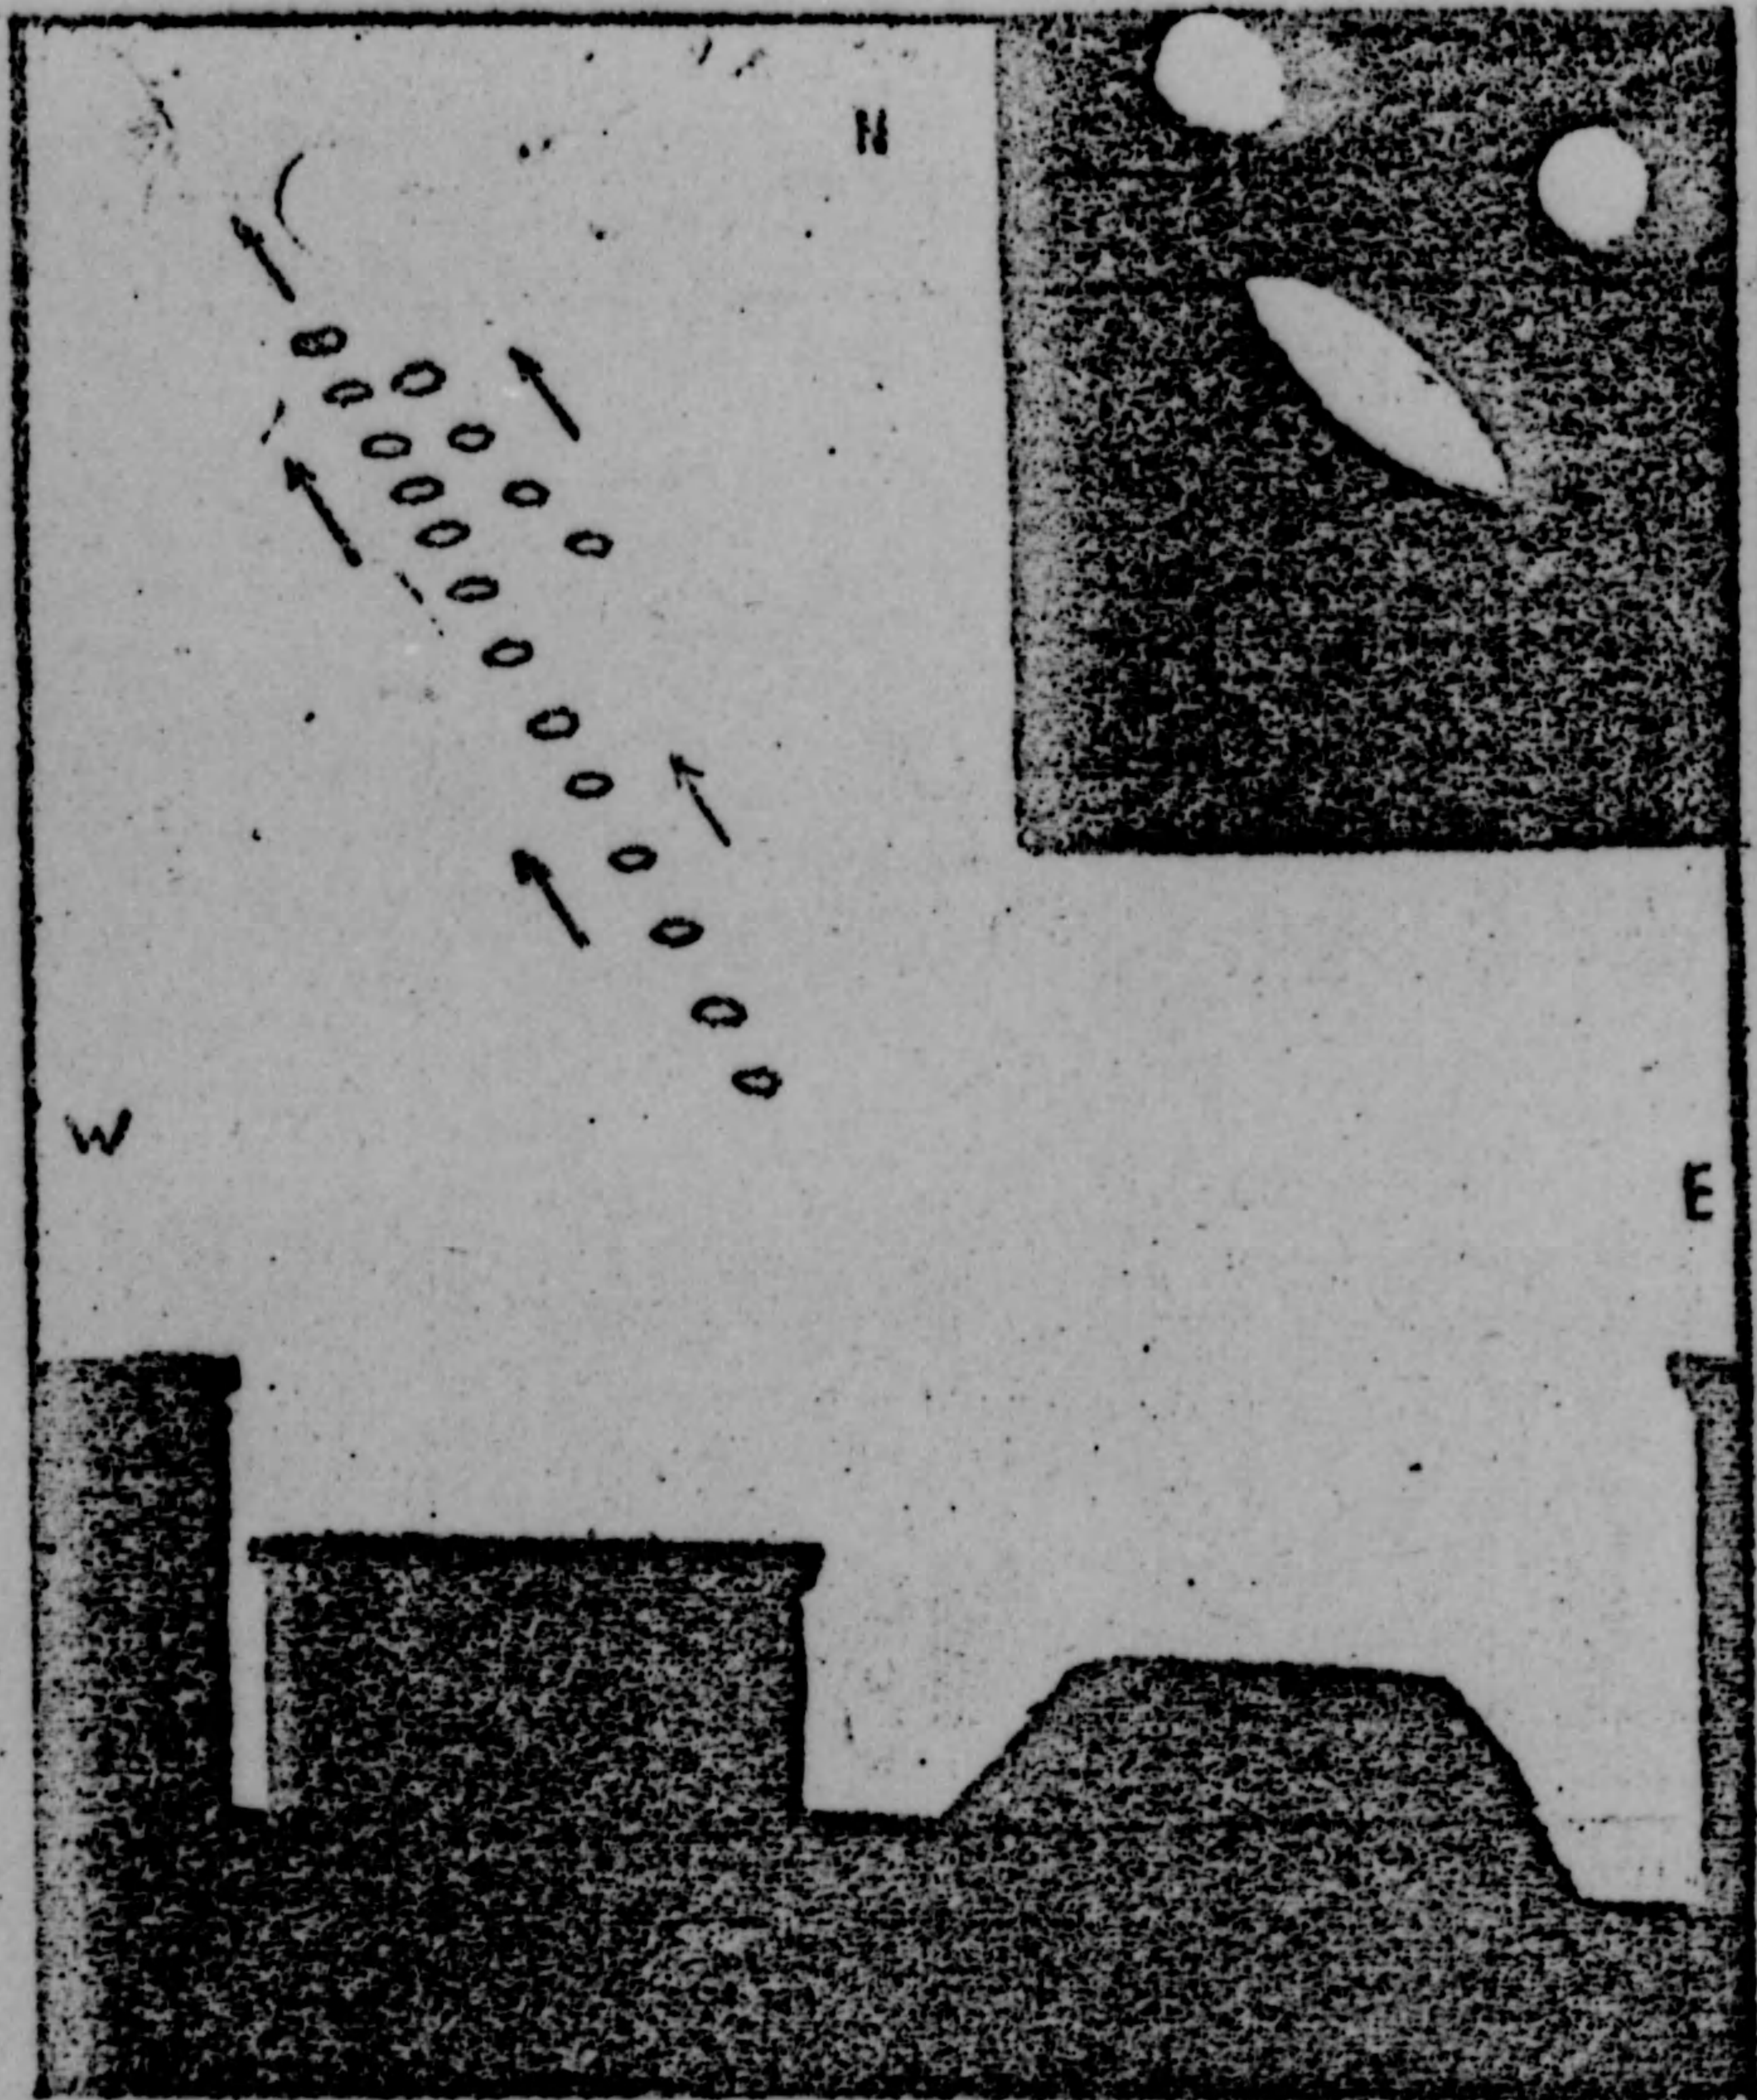

removed five bullets from the revolver and handed it to her. Miss Samuels fired first. Then it was his turn. He spun the cylinder, reluctantly pointed

New York, New York

Dear Miss [REDACTED]:

Your recent report of unidentified aerial phenomena has been received by the Air Technical Intelligence Center. Inclosed is a questionnaire, which, when completed by you and returned in the inclosed, self-addressed envelope, will aid in standardizing the data and will provide a complete record of the occurrence.

Your interest in reporting the matter and your public spirited desire to be of service are greatly appreciated.

Sincerely yours,

ROBERT E. KENNEDY
Major, USAF

TENTATIVE
OBSERVERS QUESTIONNAIRE

SECTION A

1. When did you see the object:

1.1 Date: Friday July 25, 1952
Day Month Year

1.2 Time of day: 10 15 A.M. or P.M. (Circle One)
Hrs. Min.

1.3 Time Zone: (Circle One):

- a. Eastern d. Pacific
b. Central e. Other _____
c. Mountain
- (Circle One): a. Daylight Saving
b. Standard

1.4 Circle one of the following to indicate how certain you are of your answer to the above question 1.2:

- a. Certain c. Not very sure
b. Fairly certain d. Just a guess

2. Where did you see the object?

[Redacted] New York New York U.S.A.
Postal Address City or Town State Country

3. Where were you located when you saw the object:

- (Circle One): a. Inside a building d. In an airplane
b. In a car e. At sea
c. Outdoors f. Other _____

3.1 Were you:

- (Circle One): a. In the business section of a city?
b. In the residential section of a city?
c. In open countryside?
d. Flying near an airfield?
e. Flying over a city?
f. Flying over open country?
g. Other _____

4. How did you happen to notice the object? It may seem silly but, I was counting stars for excitement. When all of a sudden I saw these strange objects.

5. When did you report to some official that you had seen the object?

Monday July 28, 1952
Day Month Year

SECTION B

6. What were you doing at the time you saw the object? I was looking at the stars.

6.1 What had you been doing for the 30 minutes before you saw the object? Try to list the activity or activities, and the approximate amount of time spent on each.

I was sitting outside talking with my mother, sister, and a friend. [25 min]
The for the next 5 min. I was counting stars.

7. Were you moving at any time while you saw the object? (Circle One):

Yes or No.

If you answered YES, then complete the following questions.

7.1 What direction were you moving?

(Circle One):

a. North	e. South
b. Northeast	f. Southwest
c. East	g. West
d. Southeast	h. Northwest

7.2 How fast were you moving? _____ miles per hour.

7.3 Did you stop at any time while you were looking at the object?

(Circle One): Yes or No

8. What direction were you facing when you first saw the object?

- (Circle One):
- | | |
|---------------------|--------------|
| a. North | e. South |
| b. Northeast | f. Southwest |
| c. East | g. West |
| <u>d. Southeast</u> | h. Northwest |

8.1 What direction were you facing when the object disappeared?

- (Circle One):
- | | |
|--------------|---------------------|
| a. North | e. South |
| b. Northeast | f. Southwest |
| c. East | g. West |
| d. Southeast | <u>h. Northwest</u> |

8.2 Circle one of the following to indicate how certain you are of your answer to the above two questions. (8 and 8.1).

- | | |
|-------------------|------------------|
| <u>a. Certain</u> | c. Not very sure |
| b. Fairly certain | d. Just a guess |

9. Were you wearing eye glasses when you saw the object? (Circle One):

Yes or No

10. How was the object seen?

- (Circle One):
- | | |
|-------------------------|------------------------------|
| a. Through window glass | e. Through theodolite |
| b. Through windshield | f. Through sun glasses |
| c. Through binoculars | <u>g. Through open space</u> |
| d. Through telescope | h. Other _____ |

11. What do you remember about the weather conditions at the time you saw the object?

11.1 CLOUDS (Circle One)

- a. Clear sky
- b. Hazy
 - c. Scattered clouds
 - d. Thick or heavy clouds
 - e. Don't remember

11.2 WIND (Circle One)

- a. No wind
- b. Slight breeze
 - c. Strong wind
 - d. Don't remember

11.3 WEATHER (Circle One)

- a. Dry
- b. Fog, Mist, or light rain
 - c. Moderate or heavy rain
 - d. Snow
 - e. Don't remember

11.4 TEMPERATURE (Circle One)

- a. Cold
- b. Cool
- c. Warm
- d. Hot
- e. Don't remember

SECTION C

12. Estimate how long you saw the object? 10
Hours Minutes Seconds

12.1 Circle one of the following to indicate how certain you are of your answer to Question 12:

- a. Certain c. Not very sure
b. Fairly sure d. Just a guess

13. Did the object look: (Circle One) Solid or Transparent?

14. Did the object at any time:

(Circle One for each question)

14.1	Change direction?	<u>Yes</u>	<u>No</u>	<u>Don't know</u>
14.2	Change speed?	<u>Yes</u>	<u>No</u>	<u>Don't know</u>
14.3	Change size?	<u>Yes</u>	<u>No</u>	<u>Don't know</u>
14.4	Change color?	<u>Yes</u>	<u>No</u>	<u>Don't know</u>
14.5	Break up into parts or explode?	<u>Yes</u>	<u>No</u>	<u>Don't know</u>
14.6	Give off smoke?	<u>Yes</u>	<u>No</u>	<u>Don't know</u>
14.7	Change brightness?	<u>Yes</u>	<u>No</u>	<u>Don't know</u>
14.8	Flicker, throb, or pulsate?	<u>Yes</u>	<u>No</u>	<u>Don't know</u>
14.9	Remain motionless?	<u>Yes</u>	<u>No</u>	<u>Don't know</u>

15. Did the object give off a light? (Circle One): Yes No Don't know

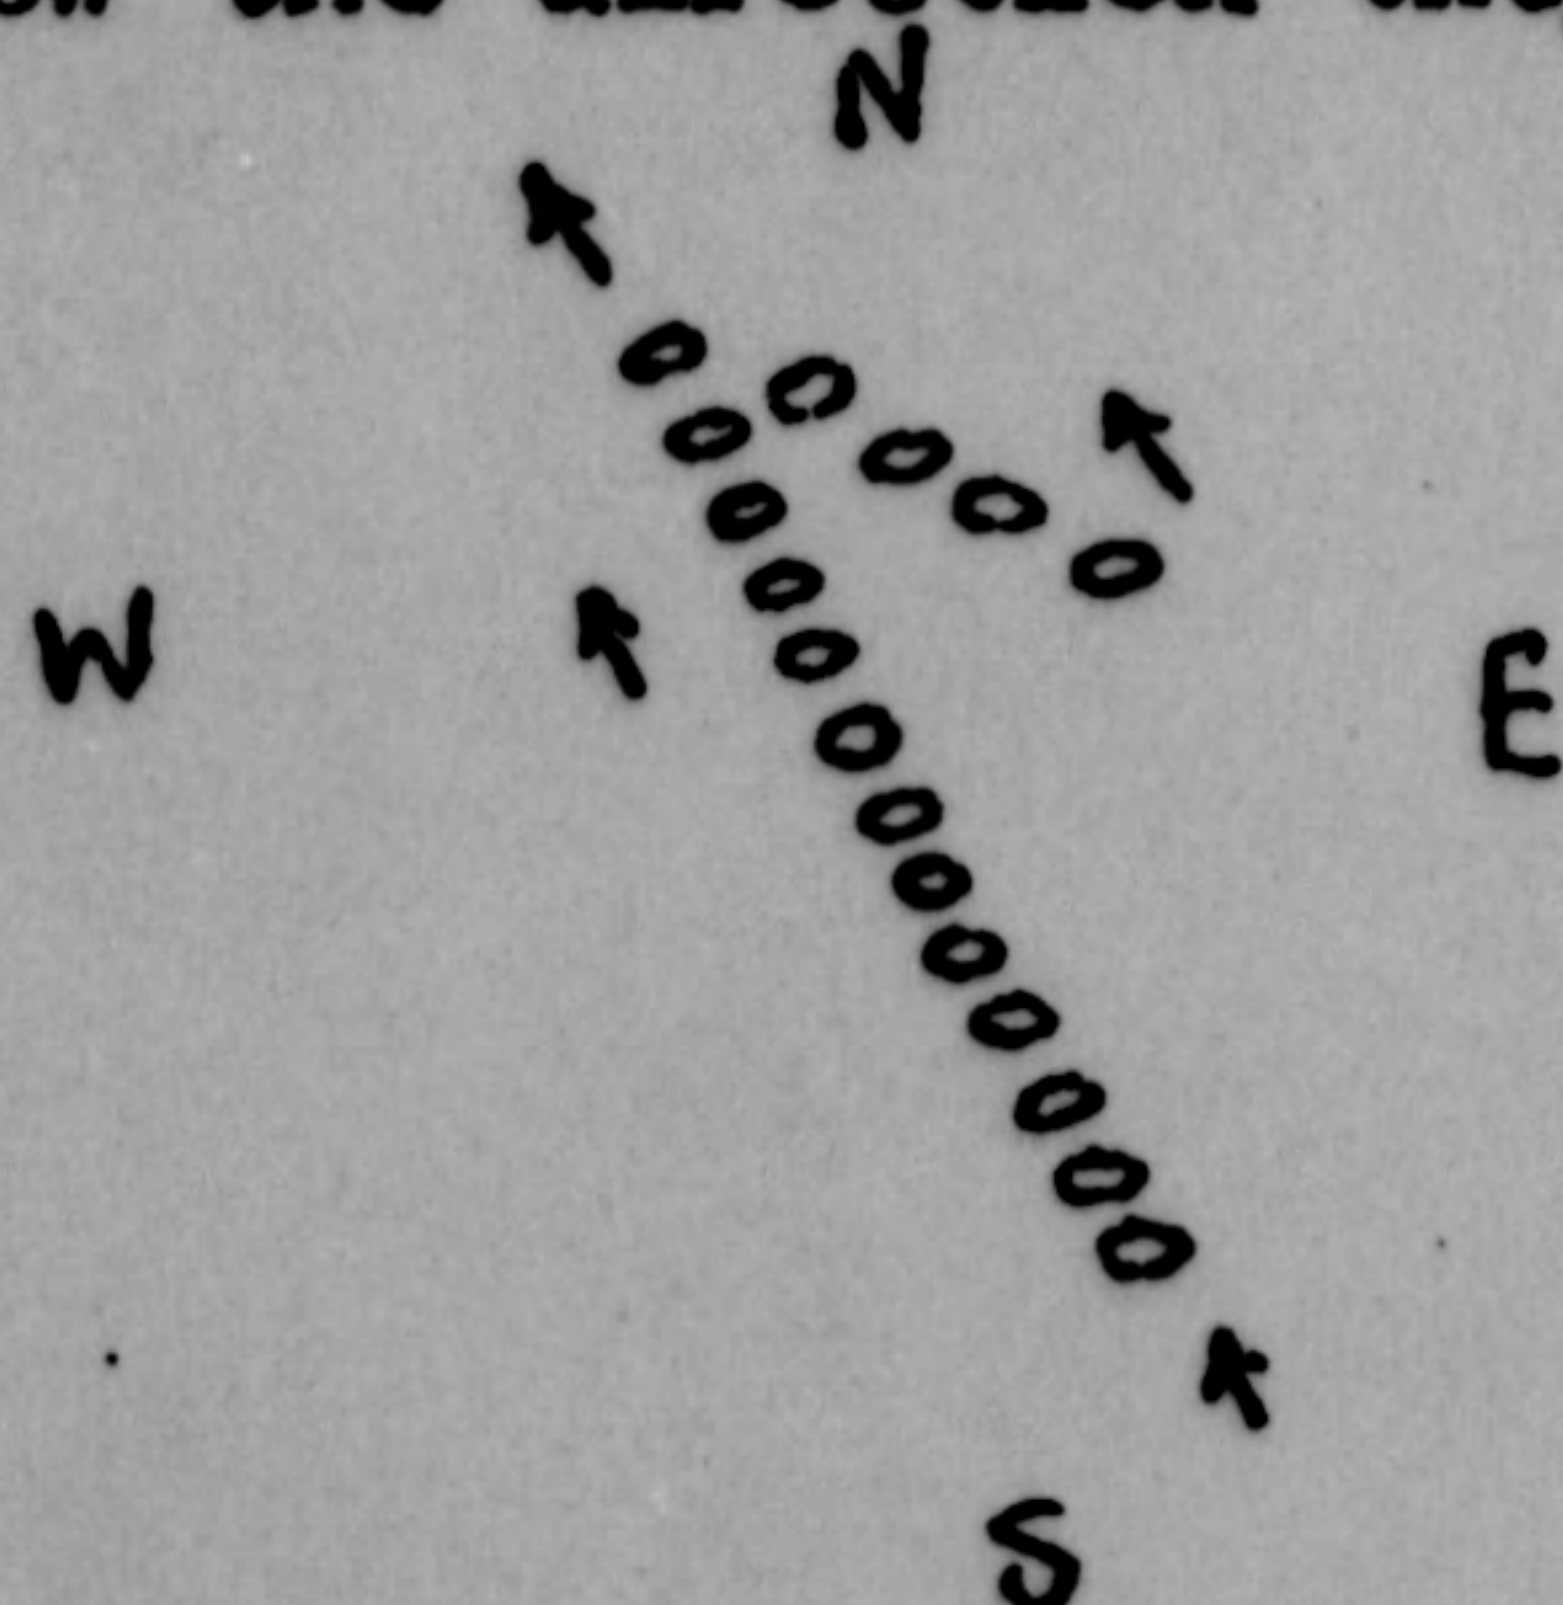

15.1 If you answered YES, what was the color of the light? _____

16. Tell in a few words the following things about the object?

16.1 Sound There was no sound at all.

16.2 Color It was a reddish orange color

17. IF there was MORE THAN ONE object, then how many were there? 17
Draw a picture of how they were arranged, and put an arrow to show the direction they were traveling.

They traveled in this group, all together.

18. Did the object at any time:

18.1 Move behind something? (Circle One) Yes (No) Don't know

If you answered YES, then tell what it moved behind.

18.2 Move in front of something? (Circle One) Yes (No) Don't know

If you answered YES, then tell what it moved in front of.

18.3 Blend with the background? (Circle One) (Yes) No Don't know

19. Which of the following objects is about the same actual size as the object you saw? (Circle One):

a. Pea

b. Baseball

c. Basketball

d. Bicycle wheel

e. Office desk

f. Automobile

g. Small airplane

h. Large airplane

i. Dirigible

j. Other _____

19.1 Circle one of the following to indicate how certain you are of your answer to Question 19.

a. Certain

b. Fairly certain

c. Not very sure

d. Uncertain

20. Try to tell the following things about the object:

20.1 How high above the earth was it? 47,520 feet.

20.2 How far was it from you? 47,520 feet or 9 miles

20.3 How fast was it going? 800 miles per hour.

20.4 Circle one of the following to indicate how certain you are of your answer to the above questions:

a. Certain

b. Fairly certain

c. Not very sure

d. Just a guess

21. How did the object disappear from view?

(Circle One): a. Suddenly

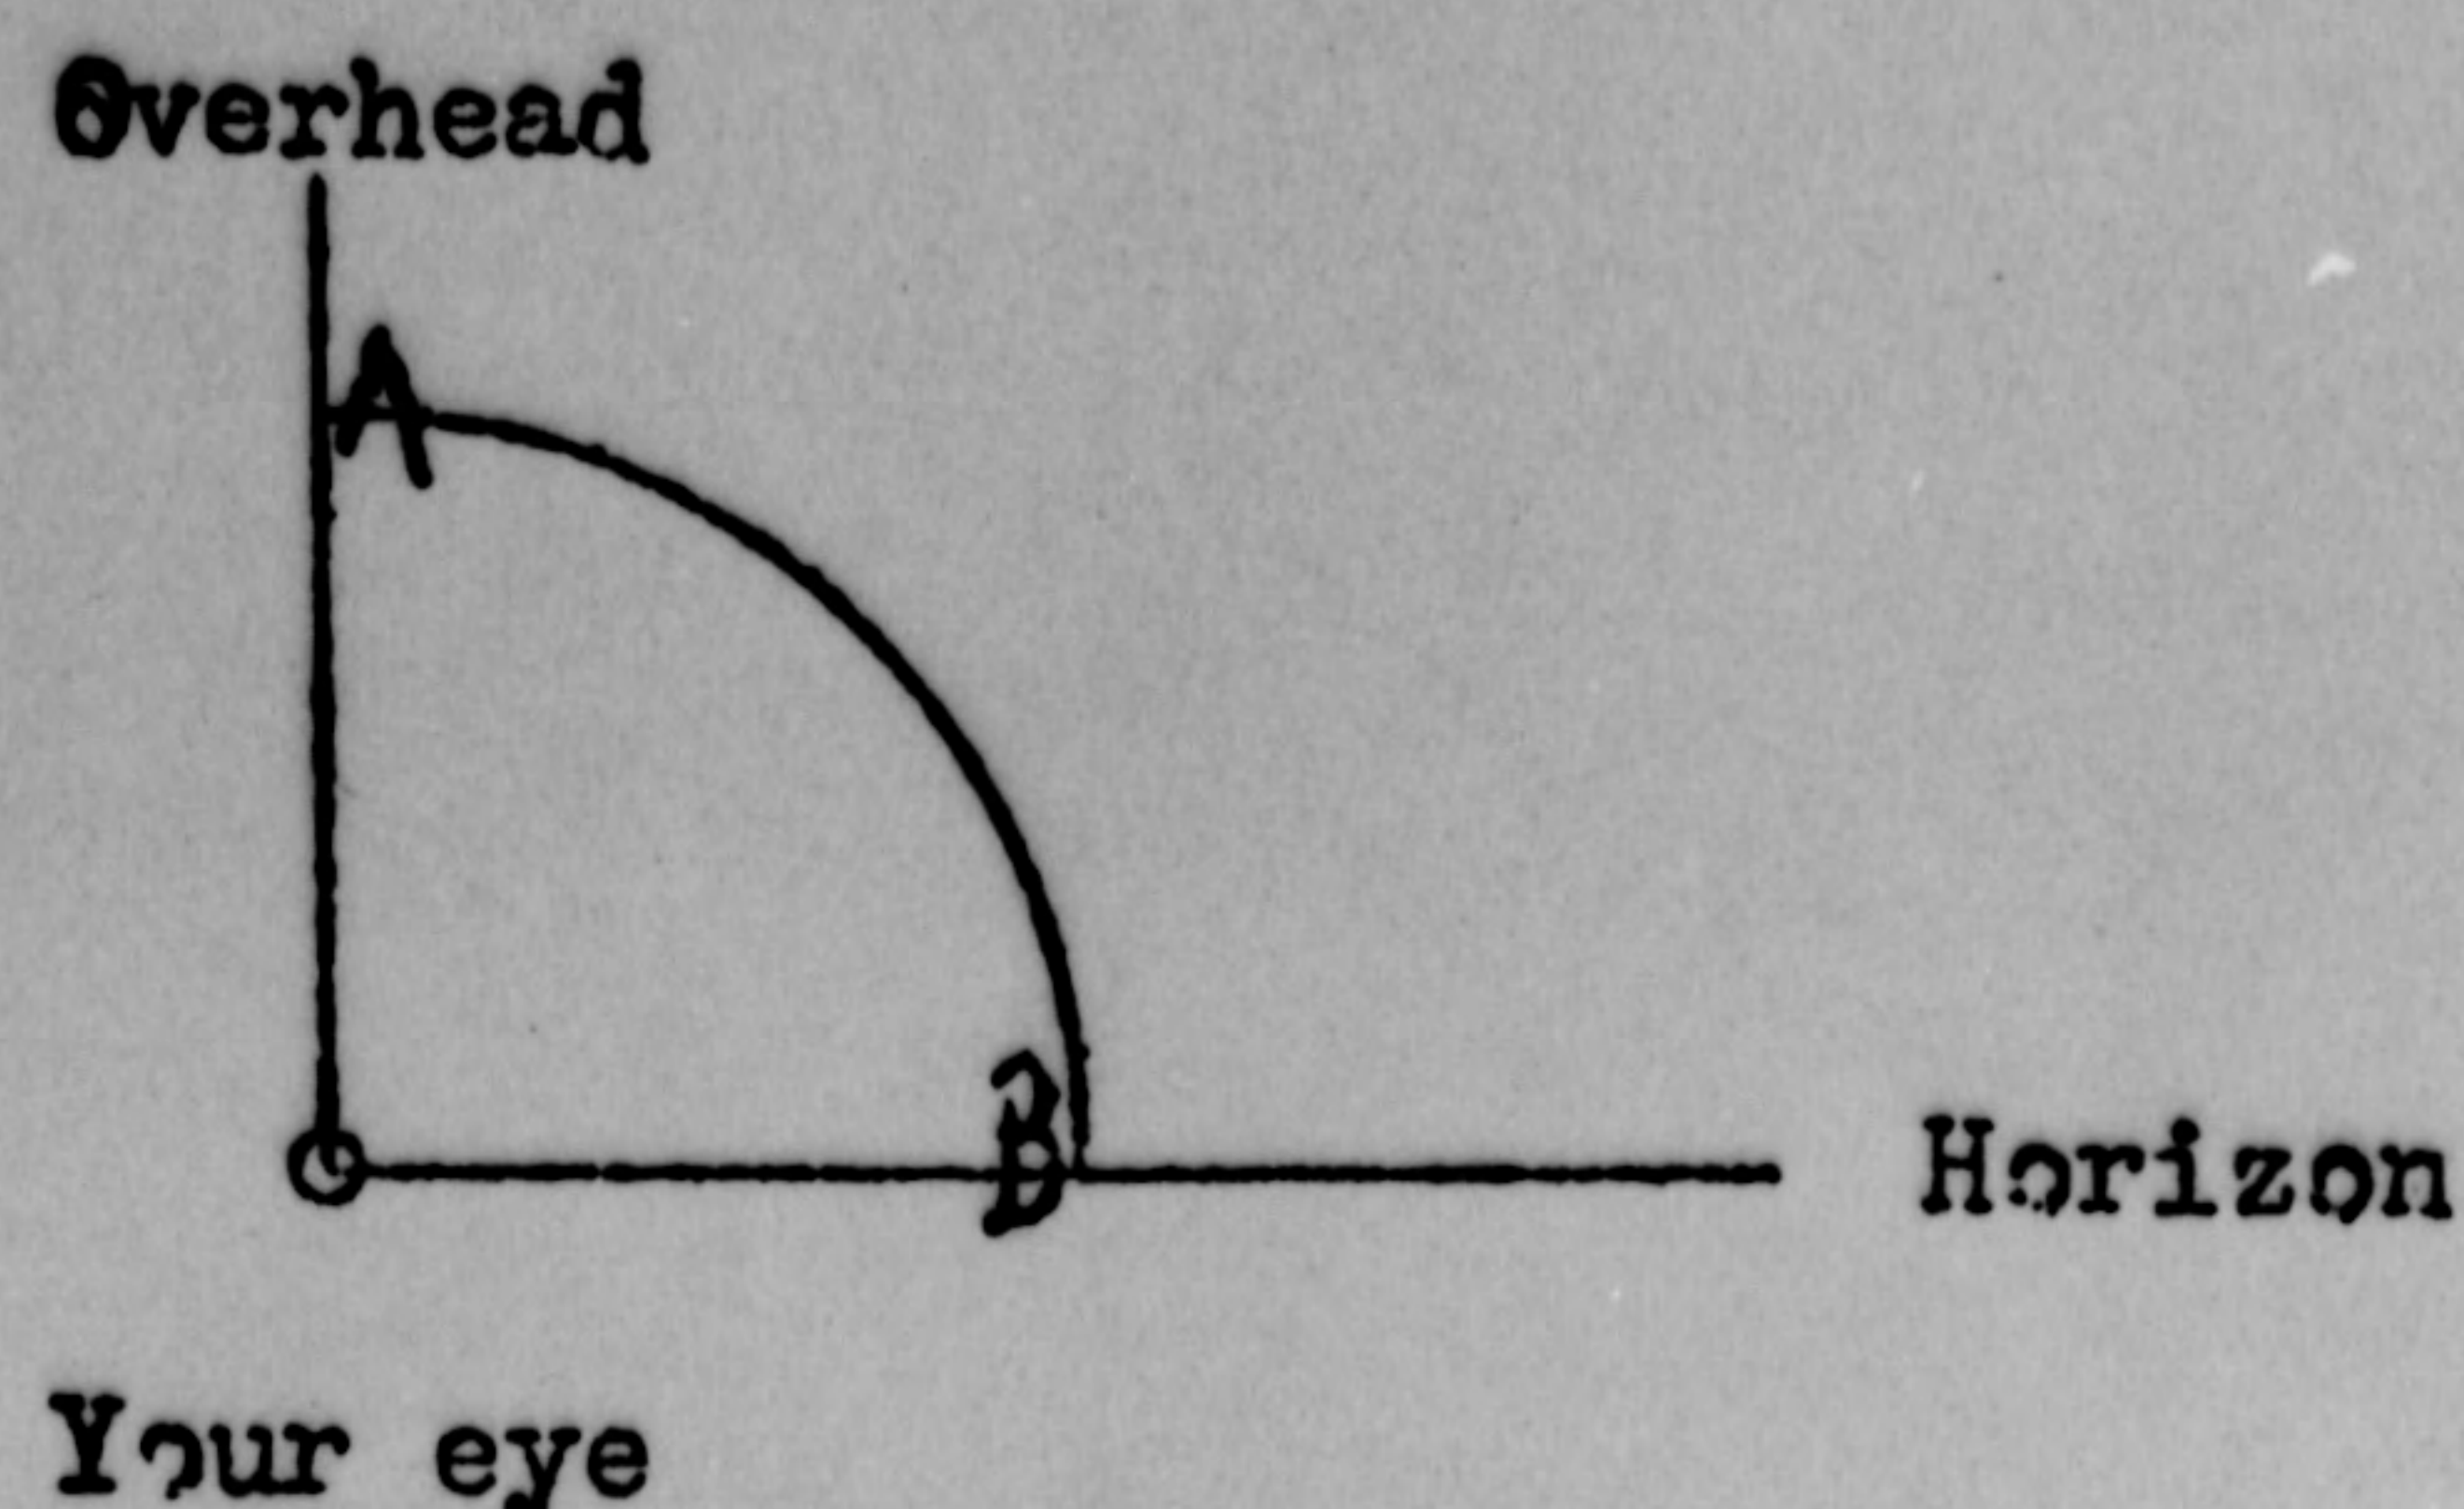

b. Gradually

c. Other _____

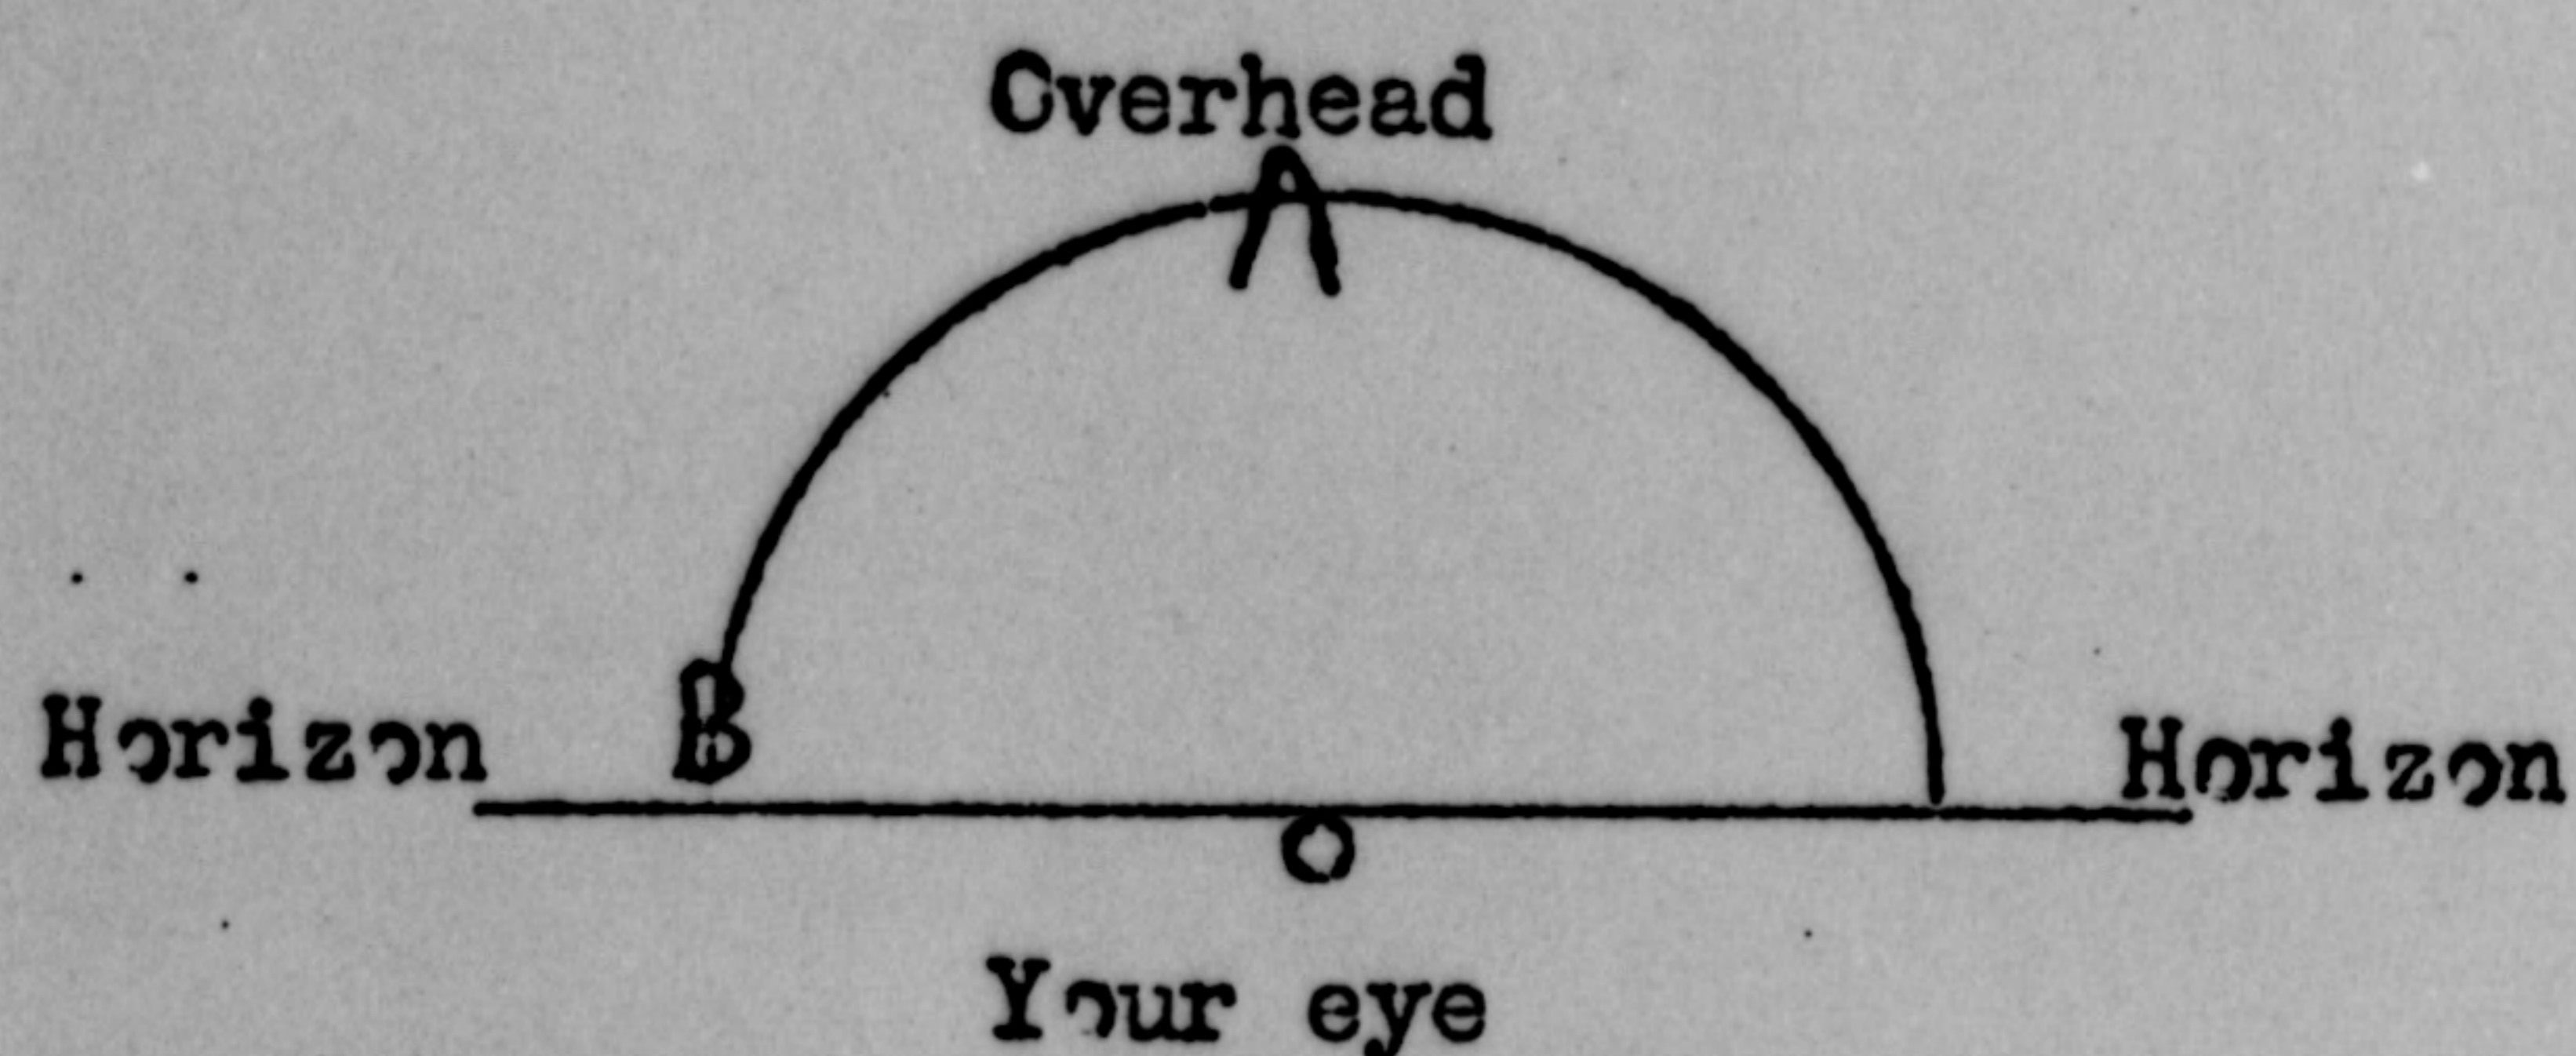

d. Don't remember

SECTION D

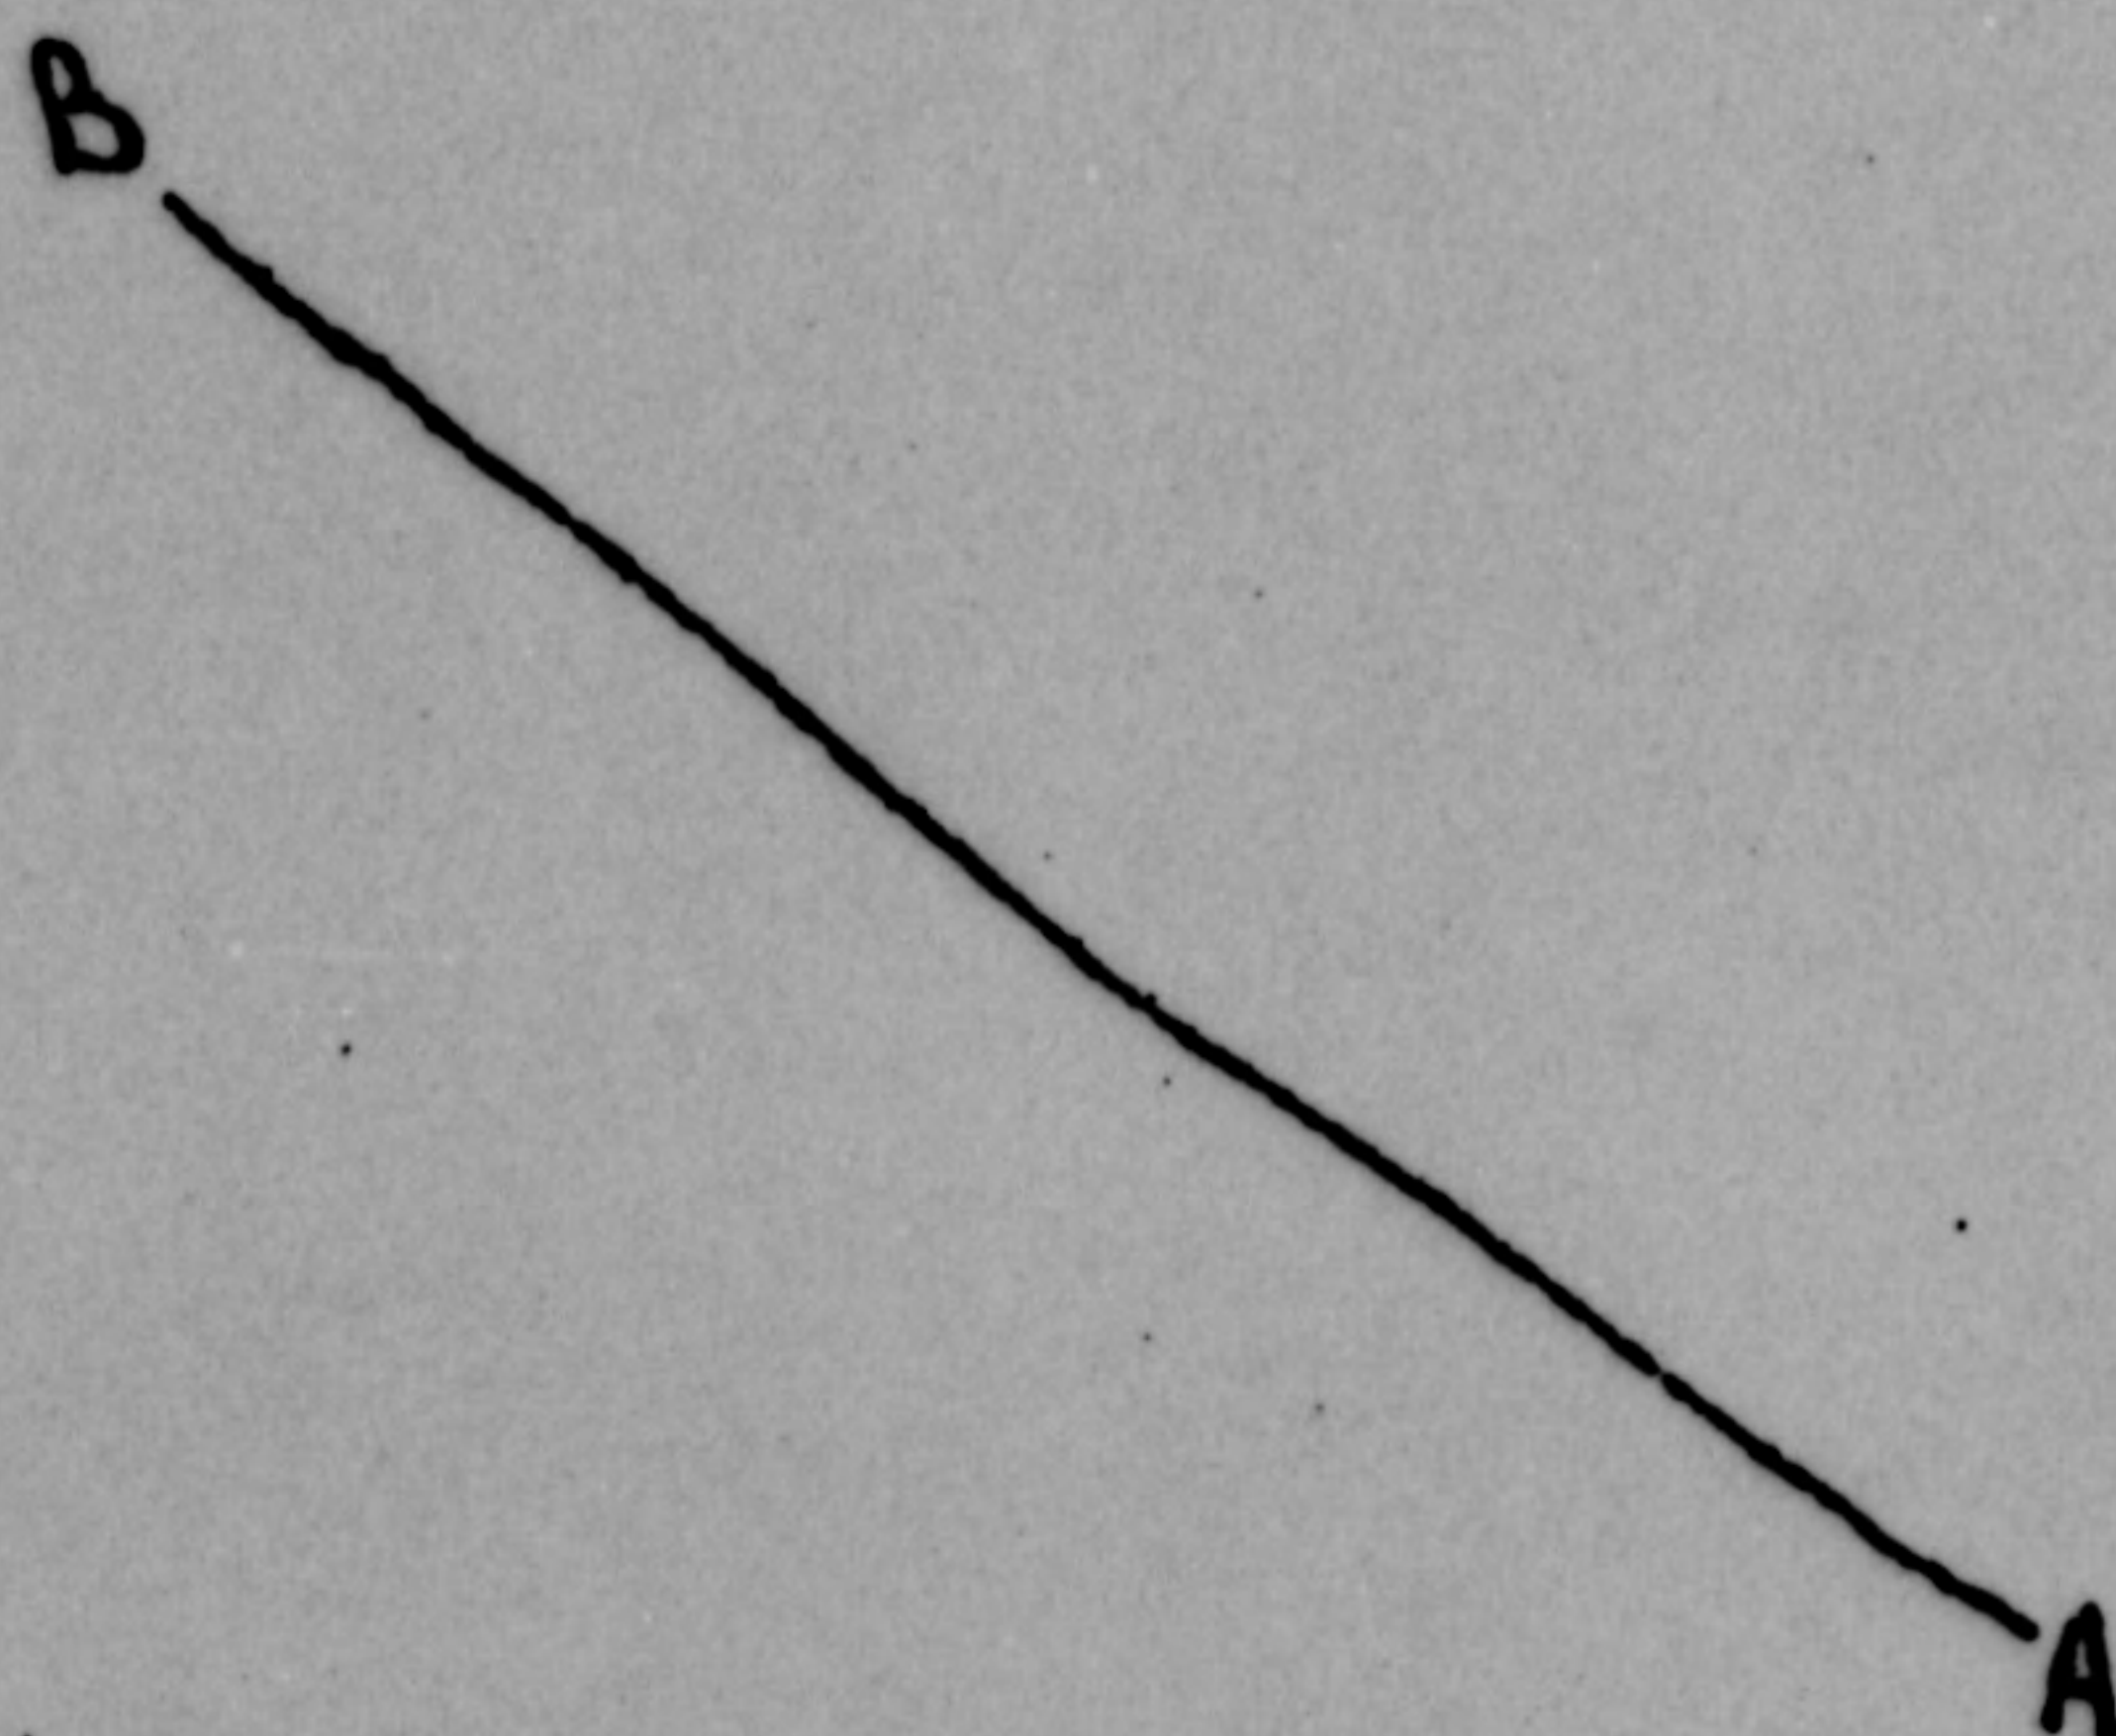

22. In the following sketch, imagine your eye at the point shown. Place an "A" on the curved line to show how high the object was above the horizon when you first saw it. Place a "B" to show where it was when you last saw it.

23. In the following sketch place an "A" at the position the object was when you first saw it, and a "B" at its position when you last saw it.

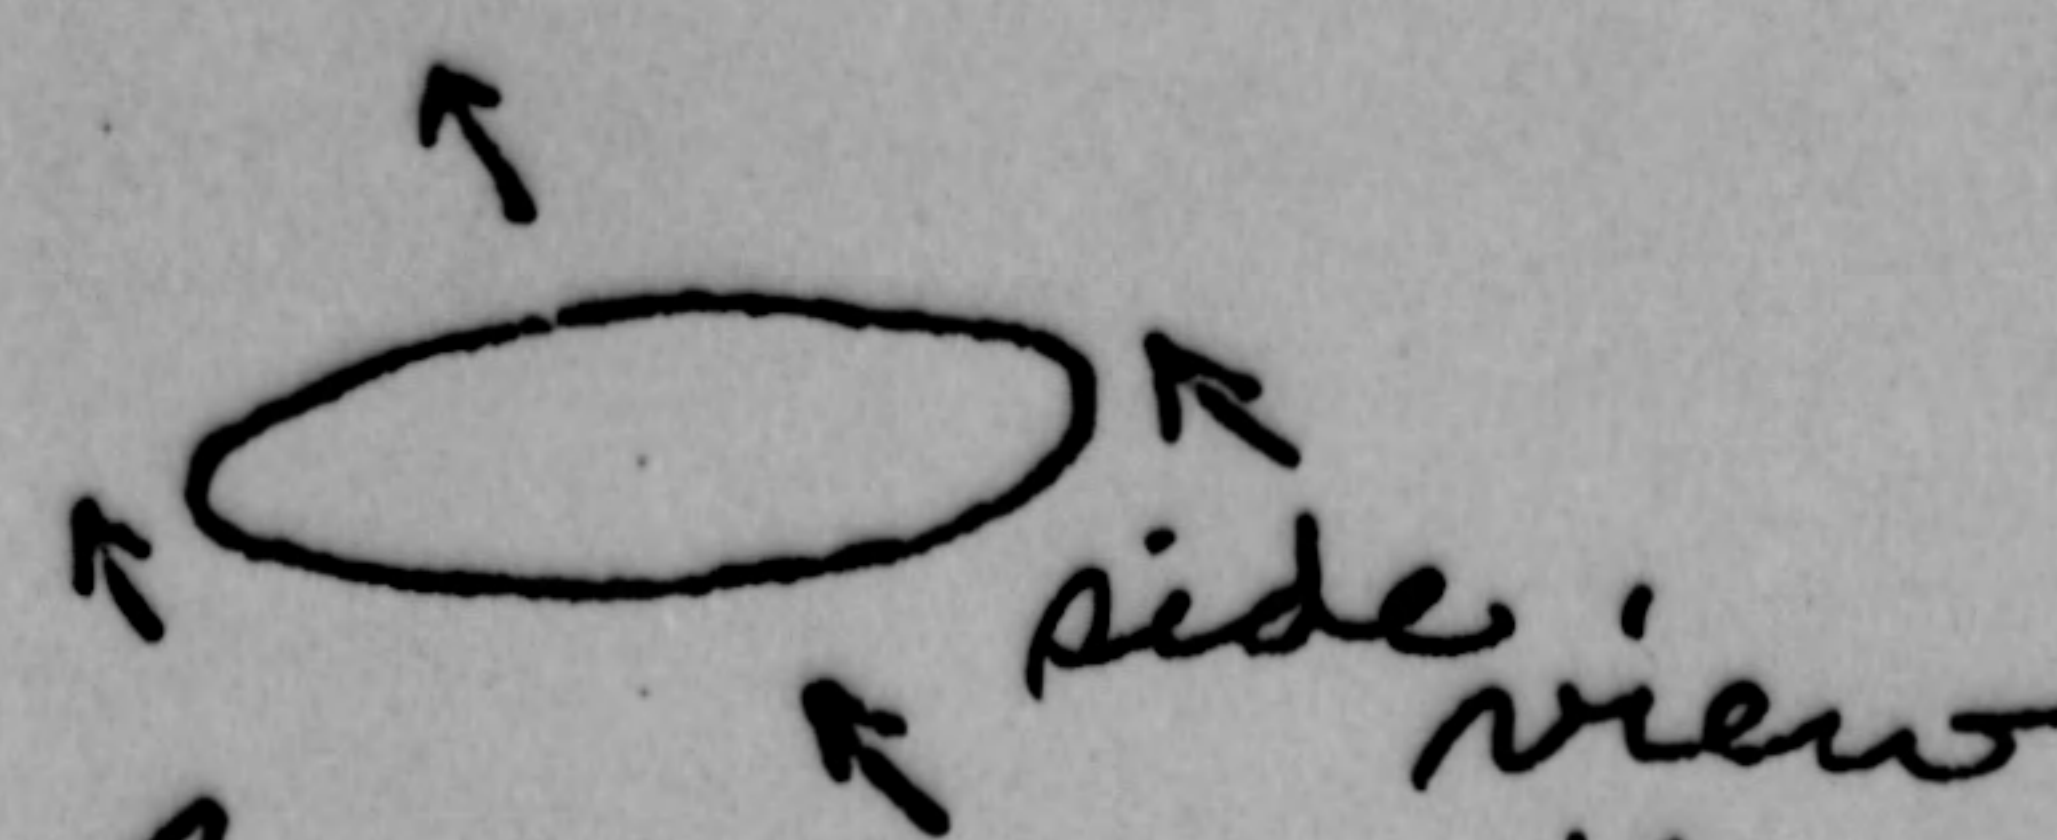

24. Draw a picture that will show the motion that the object made. Place an "A" at the beginning of its path and a "B" at the end of its path.

25. Draw a picture that will show the shape of the object. Label and include in your sketch any details of the object that you saw, and place an arrow beside the drawing to show the direction the object was moving.

we couldn't see any details because it was too high.

side view

I am sure it was a full circle when looked at from the top.

SECTION E

26. Was this the first time that you have seen an object like this?
(Circle One): Yes No

26.1 IF you answered NO, then when, where, and under what conditions did you see other ones? _____

27. In your opinion what do you think the object was and what might have caused it?

If you want my honest opinion, I think its origin is that of another planet. Naturally if so it must be made by some forms of life much more advanced than we. Possibly their object, to study us. P.S. we have no proof to say whether it is or isn't true. Anything is possible

28. Give the following information about yourself:

AIR INTELLIGENCE INFORMATION REPORT			
SUBJECT: Sighting of unidentified objects			
AREA REPORTED ON Canadian border	FROM (Agency) 27th Ftr-Intept Sq. Griffiss AFB N.Y.		
DATE OF REPORT 26 July 1952	DATE OF INFORMATION 25 July 1952	EVALUATION B-2	
PREPARED BY (Officer) David W. Mac Arthur AO 714466	SOURCE Torres D.J. 20559 A Lts. Babbs M.F. AO 1911067		
REFERENCES (Control number, directive, previous report, etc., as applicable)			

SUMMARY: (Enter concise summary of report. Give significance in final one-sentence paragraph. List inclosures at lower left. Begin text of report on AF Form 112--Part II.)

A series of 6 inflated balloons mounted vertically and approximately 4 deflated balloons on the same string. Approximately 10 inches below bottom balloon was located a small metal container. 4 or 5 feet below the container was a half diamond shaped screen. Drifting 25 miles in 1 hour. The metal box was metallic in color and the frame appeared to be of wood. The object was sighted at 1810Z and it was kept in sight for 60 minutes. The A/C were vectored into the area and then observed it visually. The balloons drifted at a 90 degree angle to the reported wind. A/C were located at 44degrees 35 minutes latitude and 75degrees 15 minutes longitude, passes were made at all angles. Lts. Torres and Babbs have had two years experience and their reliability is unquestionable. At the time of sighting, the wind was 3/10 degrees at 60 knots. There was not other activity in the area at that time that might otherwise account for the sighting. A sketch of the object will be enclosed. Passes were made at the object, the closest being 30 feet. There were no other A/C in that vicinity at the time of the report.
