I on December of 1952 I was training for [REDACTED] Baseball try out school in St. Augustine Florida a five week school starting in January of 1953.

Each night I would run 1 1/2 miles as part of my training, I had just pulled up to a walk after running and to my right (west) I saw the saucer in one place for about 10 seconds, there were 5 or 6 windows lit up inside with white lights, the saucers outer rim was spinning and I could hear its hum, the saucer had a silver color and a bluish flame was burning at the rear of the saucer, then the bluish flame turned to a big bright red flame and the saucer shot up and clear across the sky at a terrific speed. This is the whole truth (Southwest) and I will stake my life on it anytime.

President of the United States
John F. Kennedy,
Mr. President,

5-17-61

In the night of December 1952 on our farm near Memphis Michigan I saw a Flying Saucer, when I first spotted the Saucer it was about 200 ft. up and about 250 ft. away, it was in one place for about 10 seconds, I was very close to it as I could see the Outer Rim spinning and hear its hum there were about 6 Windows with white lights on, there was a Blue flame coming from its rear then the flame changed to a Bright Red and it swept clear across the sky at a terrific speed and out of sight in about 4 seconds.

I do not believe the Saucer was made on earth, Russia or the United States would be far more advanced in Space Science than they are today.

Am I right? if so is the Planet known?

Mr. President I am sure you know a great deal more on this subject than I do.

Of all the people I have told no one believes me and I must admit that if some one told me the same thing I too would not -

- believe it, as a matter of fact I do not even believe any part of the bible myself.

One thing sure tho I never I seen and heard
is real, I would stake my life on this any time.

Mr. President even though the public is ~~kept~~
~~is~~ kept in the dark, I would very much like
to know more about this subject and I would
keep it to my self as long as I was told too.

Yours sincerely
