10. TEXT OR SUMMARY OF SIGHTING Intense florescent-type light with a trail of fire exhaust appeared at an estimated altitude of 4000' then climbed to an altitude of approx 1 1/2 miles. Object traveled at an estimated speed of 1000 mph. Incident was witnessed by four others.		11. COMMENTS

Canadian, Texas

27 December 1952

I. Description of Incident

Several civilian eye-witnesses observed an unidentified aerial object between 2200 and 2300 hours CST, for two to three minutes. It was described as round, bluish-white light of high intensity and disappeared by going out of sight to the southwest. The object passed low overhead then appeared to climb upward at the end of the sighting.

II. Discussion of Incident

Local air traffic has not been identified in this sighting. Pending this, the object appears to be a jet aircraft's exhaust seen at a low altitude, perhaps with its afterburner cut in. The night of sighting was extremely clear facilitating observation of any object crossing the sky. No jet noise was heard, however, the observers were in a moving car. The jet may have been based at Amarillo, a nearby air base.

III. Conclusion

Possibly aircraft.

AIR INTELLIGENCE INFORMATION REPORT

FROM (Agency)	REPORT NO.	PAGE	OF	PAGES
SAAMA		1	1	1

In compliance with AF Letter 200-5, dated 29 April 1952, the following information is submitted:

(1) Object appeared to be round, about the size of a baseball, and emitted a bluish-white light. Only one object was seen. A trail or exhaust which consisted of fire and a yellow fumes being emitted from the rear of the object was the only visible means of propulsion. Eye-Witnesses could not agree as to the consistency of the objects altitude. One witness stated that when the object was sighted it was at a altitude of three thousand feet and gained altitude as it moved across the skies, the other said that the altitude of three thousand feet stayed constant throughout the entire flight of the object. Speed was estimated at about three hundred miles per hour when first sighted and about a thousand when last seen. Object disappeared by going beyond the sight range of the eyes.

(2) Time of sighting was 2200 hours to 2300 hours, CST, 27 December 1952 and was observed for about two to three minutes.

(3) A visual surface observation without optical or electronic equipment was made.

(4) Observers were thirty miles South of Canadian, Texas traveling South on US Highway 83. Object was first observed in the Northeast and travelled in a Southwesternly direction.

(5) Object was observed by Mr. [REDACTED], San Antonio, Texas, his ex-wife [REDACTED], and his son [REDACTED] A/10 [REDACTED] of [REDACTED] Sp. Jackland AFB, Texas, and his wife also accompanied Mr. [REDACTED] and his family and witnessed the phenomena. Reliability of the witnesses is unknown, however, Mr. [REDACTED] states that he was a crew chief of a B-29 during 1945 and a one time employee of 1700th Maint Gp Kelly AF Base, Texas, and that he is acquainted with all conventional type aircraft.

(6) A Cold clear night with a light layer of snow on the ground prevailed at the time of sighting.

(7) No activity or condition, meteorological or otherwise, known to have existed at the time which may have accounted for the sighting.

(8) No physical evidence of the sighting.

(9) No interception or identification action taken.

(10) Location of any air traffic in the general area at the time of the sighting unknown.

DOWNGRADED AT 3 YEAR INTERVALS:
DECLASSIFIED AFTER 12 YEARS.

STATEMENT

On Saturday, the 27th of December 1952, between 2300 and 2400 hours, I was riding in a car approximately 30 miles South of Canadian, Texas, on US Highway 83. Four other occupants and I were traveling due South, when there appeared before us an intense bluish-white light. The light was different than any light I have ever seen on any conventional type aircraft, in that, it had a "Florescent" type color and brightness. The light at first appeared in the Southeast at an altitude of about two to four thousand feet, as the object flew in what seemed to be a straight line to the Northwest, it climbed to approximately a mile and a half in altitude.

When the object traveled from the Southeast to the Northwest it passed ahead and above our car which was pulled to the side of the road. As the object flew across our field of vision, and we got a somewhat side view of it, we could see that sparks and fire were emitted as though from an exhaust. The object was traveling directly into the wind and sparks could be seen trailing the bluish-white light. This was the only visible means of propulsion, however, no sound whatsoever could be heard as the object moved across the skies. No estimation of size or construction could be made as the object passed by so quickly that only the intense light and fire trail could accurately be seen.

I would estimate that the object stayed in vision for about two or three minutes and did not disappear by losing velocity or light, but continued on its course beyond the sight range of our eyes. When the object was first sighted it was about two miles away with a velocity of two or three hundred miles per hour. As it climbed and moved across the skies, its velocity increased to about eight hundred to a thousand miles per hour.

At the time the above took place the night was cold and clear with a light layer of snow on the ground. All the occupants of the car observed the phenomena depicted above and all agreed it did not resemble any conventional type aircraft known to us. I was a B-29 crew chief during the last war and cannot recall any type aircraft that even resembled this object.

I certify that the above statement is true and correct to the best of my knowledge:

OBSERVERS QUESTIONNAIRE

SECTION A

1. When did you see the object:

1.1 Date: 27 12 5
Day Month Year

1.2 Time of day: 11 to 12 A.M. or P.M. (Circle One)
Hrs. Min.

1.3 Time Zone: (Circle One):

a. Eastern
b. Central
c. Mountain

d. Pacific
e. Other _____

(Circle One) a. Daylight Saving
b. Standard

1.4 Circle one of the following to indicate how certain you are of your answer to the above question 1.2:

a. Certain
b. Fairly certain

c. Not very sure
d. Just a guess

2. Where did you see the object?

South 30 Miles Canadian Tex USA
Postal Address City or Town State Country

3. Where were you located when you saw the object:

(Circle One): a. Inside a building d. In an airplane
Stopped car b. In a car e. At sea
Got out c. Outdoors f. Other _____

3.1 Were You

(Circle One): a. In the business section of a city?
b. In the residential section of a city?
c. In open countryside?
d. Flying near an airfield?
e. Flying over a city?
f. Flying over open country?
g. Other _____

CONT.

4. How did you happen to notice the object? While looking
ahead of auto at open country

5. When did you report to some official that you had seen the object?

29 Dec 52

14.9	Remain motionless?	Yes	☒ No	Don't know

15. Did the object give off a light? (Circle One): ☒ Yes ☐ NO ☐ Don't know

15.1 IF you answered YES, what was the color of the light? Bluish white

16. Tell in a few words the following things about the object?

16.1 Sound none

16.2 Color Bluish-white light (with Red tail)

17. IF there was MORE THAN ONE object, then how many were there? _____

Draw a picture of how they were arranged, and put an arrow to show the direction they were traveling.

CONTD.

18. Did the object at any time:

18.1 Move behind something? (Circle One) Yes No Don't know

IF you answered YES, then tell what it moved behind.

18.2 Move in front of something? (Circle One) Yes No Don't know

IF you answered YES, then tell what it moved in front of.

18.3 Blend with the background? (Circle One) Yes No Don't know

19. Which of the following object's is about the same actual size as the object you saw? (Circle One)

- | | |
|------------------|--------------------------|
| a. Pea | f. Automobile |
| b. Baseball | g. <u>Small airplane</u> |
| c. Basketball | h. Large airplane |
| d. Bicycle wheel | i. Dirigible |
| e. Office desk | j. Other _____ |

19.1 Circle one of the following to indicate how certain you are of your answer to Question 19.

- | | |
|-------------------|------------------|
| a. Certain | c. Not very sure |
| b. Fairly certain | d. Uncertain |

20. Try to tell the following things about the object:

20.1 How high above the earth was it? 2000 to 4000 feet.

20.2 How far was it from you? _____ feet or _____ miles.

20.3 How fast was it going? 200 to 300 miles per hour.

20.4 Circle one of the following to indicate how certain you are of your answer to the above questions:

- | | |
|--------------------------|------------------|
| a. Certain | c. Not very sure |
| b. <u>Fairly certain</u> | d. Just a guess |

21. How did the object disappear from view?

- (Circle One):
- | | |
|--------------------|-------------------|
| a. <u>Suddenly</u> | c. Other _____ |
| b. Gradually | d. Don't remember |

CONT.

SECTION D

22. In the following sketch, imagine your eye at the point shown. Place an "A" on the curved line to show how high the object was above the horizon when you first saw it. Place a "B" to show where it was when you last saw it.

23. In the following sketch place an "A" at the position the object was when you first saw it, and a "B" at its position when you last saw it.

24. Draw a picture that will show the motion that the object made. Place an "A" at the beginning of its path and a "B" at the end of its path.

Cont.

25. Draw a picture that will show the shape of the object. Label and include in your sketch any details of the object that you saw, and place an arrow beside the drawing to show the direction the object was moving.

no hope at night

SECTION E

26. Was this the first time that you have seen an object like this?
(Circle One): Yes No

- 26.1 IF you answered NO, then when, where, and under what conditions did you see other ones?

27. In your opinion what do you think the object was and what might have caused it?

I have no idea and have
never seen any any what??

28. Give the following information about yourself:

NAME

First Name

Middle Name

ADDRESS

Street

City

Zone

State

TELEPHONE NUMBER

What is your present job?

Ago

Sex

Last School Attended

Year of last attendance at this school

29. Was anyone else with you at the time you saw the object?

(Circle One): ☒ Yes or ☐ No

29.1 IF you answered YES, did they see the object too?

(Circle One): ☒ Yes or ☐ No

29.2 Please list their name and addresses:

[REDACTED] San Antonio
[REDACTED] Tex

30. Please add here any further comments which you believe are important.
Use additional sheets of the same size paper if necessary.

** STATEMENT **

I observed an unidentified flying object at about 2200 hours, CST, 27 December 1952, approximately 30 miles South of Canadian, Texas. I and four other occupants of the car all observed the following phenomena, and at the time of sighting the night was cold and clear.

I was driving South on US Highway 83 when an intense bluish-white light caught my attention. The light was comparable to that light which is emitted from the center of a blue light bulb. We were traveling at a fairly rapid speed and it took a few minutes before the car could be pulled over to the side of the road, however, the object when first sighted was about five degrees to the left of the road.

The object's size was comparable to a baseball and flew at about two to three thousand feet. The object when first sighted appeared in the Southeast and flew a straight level course to the Northwest. When the object passed over the highway on which we were traveling it was approximately two to three miles in front of us. As the object crossed the road it must have been traveling about 300 miles per hour, but as it continued it seemed to gain velocity.

One thing that I feel is worth mentioning is the fact that in the two to three minutes that we observed the object no sound was heard. The intense bluish-white light which emitted fire and yellow gas or fumes from the rear disappeared by going out of our sight range.

I certify that the statement above is true and correct to the best of my knowledge:

15. Did the object give off a light? (Circle One): ☒ Yes ☒ NO Don't know

15.1 IF you answered YES, what was the color of the light? Intense light blue

16. Tell in a few words the following things about the object?

16.1 Sound None

16.2 Color was very intense light blue as center of blue light bulb

17. IF there was MORE THAN ONE object, then how many were there? no
 Draw a picture of how they were arranged, and put an arrow to show the direction they were traveling.

CONTD.

18. Did the object at any time:

18.1 Move behind something? (Circle One) Yes No Don't know

IF you answered YES, then tell what it moved behind.

18.2 Move in front of something? (Circle One) Yes No Don't know

IF you answered YES, then tell what it moved in front of.

18.3 Blend with the background? (Circle One) Yes No Don't know

19. Which of the following object's is about the same actual size as the object you saw? (Circle One)

- | | |
|--------------------|-------------------|
| a. Pea | f. Automobile |
| <u>b.</u> Baseball | g. Small airplane |
| c. Basketball | h. Large airplane |
| d. Bicycle wheel | i. Dirigible |
| e. Office desk | j. Other _____ |

19.1 Circle one of the following to indicate how certain you are of your answer to Question 19.

- | | |
|--------------------------|------------------|
| a. Certain | c. Not very sure |
| <u>b.</u> Fairly certain | d. Uncertain |

20. Try to tell the following things about the object:

20.1 How high above the earth was it? 2000 feet.

20.2 How far was it from you? _____ feet or 26.3 miles.

20.3 How fast was it going? 300 mph miles per hour.

20.4 Circle one of the following to indicate how certain you are of your answer to the above questions:

- | | |
|--------------------------|------------------|
| a. Certain | c. Not very sure |
| <u>b.</u> Fairly certain | d. Just a guess |

21. How did the object disappear from view?

- | | |
|----------------------------------|-------------------|
| (Circle One): <u>a.</u> Suddenly | c. Other _____ |
| b. Gradually | d. Don't remember |

CONT.

SECTION D

22. In the following sketch, imagine your eye at the point shown. Place an "A" on the curved line to show how high the object was above the horizon when you first saw it. Place a "B" to show where it was when you last saw it.

Overhead

23. In the following sketch place an "A" at the position the object was when you first saw it, and a "B" on its position when you last saw it.

Overhead

24. Draw a picture that will show the motion that the object made. Place an "A" at the beginning of its path and a "B" at the end of its path.

Cont.

25. Draw a picture that will show the shape of the object. Label and include in your sketch any details of the object that you saw, and place an arrow beside the drawing to show the direction the object was moving.

SECTION E

26. Was this the first time that you have seen an object like this?
(Circle One): Yes No

26.1 IF you answered NO, then when, where, and under what conditions did you see other ones? _____

27. In your opinion what do you think the object was and what might have caused it?

It appeared to be some type of Meteor, propelled by some type of burning gas or vapor - I have never before seen anything similar therefore feel not certain enough to state.

28. Give the following information about yourself:

NAME [REDACTED]

3700th Med Grp - Lackland AFB - San Antonio, Texas

ADDRESS [REDACTED]

Street [REDACTED]

Zone [REDACTED]

State Texas

TELEPHONE NUMBER [REDACTED]

What is your present job? USAF - Medical Supply

Age 23

Sex Male

Last School Attended University of Nebraska

Year of last attendance at this school Up to Jan 51

29. Was anyone else with you at the time you saw the object?

(Circle One): ☒ Yes or ☐ No

29.1 If you answered Yes, did they see the object too?

(Circle One): ☒ Yes or ☐ No

29.2 Please list their name and address:

Mrs

San Antonio, Texas

Mr +

San Antonio, Texas

30. Please add here any further comments which you believe are important.
Use additional sheets of the same size paper if necessary.

The tail of Vapor was similar to that of a falling star
only more intense
