Gentlemen:

I thought you might be interested in the fact that we saw a flying saucer last night.

It was near 7:30 and we were going away. I had gone ahead and was sitting in the car when my husband came out of the house and yelled, "Have you ever seen a flying saucer?" I answered, "No" and he replied, "Hurry and look". But by the time I got out of the car all I could see was a faint glow disappearing to the south, but Dale saw it quite clearly.

At first it was traveling from east to west, then turned abruptly and went south, going very fast. It was large and round in shape and had a glow "like a lot of lights".

Hoping this will help you in some way, I remain

Yours truly,
