Dear sir:-

In the N.Y. Times of June 2,
I noticed an article about 'flying saucers',
and that you welcomed any information
on unidentified object sighted.

So here goes! May 31

Last Monday, at about 10:15 AM I was
between Concord & Lochmere N.H., when
my attention was caught by a strange
very white elongated object overhead.

It was going at an unbelievable
speed; so that it looked as though it
was falling straight down like (no).

It was going in a perfectly straight
line right ahead of me & was seen
for 8 to 10 seconds I guess, then
all of a sudden the whole thing
just disappeared; it didn't just get

2)
smaller & fade out, it disappeared
while still a large object, so that
it gave me a queer feeling.

"I exclaimed to my husband,
"Good Lord, what in the world is
that thing!" But before he could
look up, it had gone.

It had a strange whiteness about
it, as the sky was a dark grayish
blue; which made it stand out
so plain. It was very long and
narrow.

There that's the best I can describe
the "thing"

Sincerely

Mrs. 

Nashua.
