10. BRIEF SUMMARY OF SIGHTING Object size-radius of full moon. Shape was circular. Speed unknown, altitude unknown. Maneuver pattern was straight line. Color silver-white with black center. 3 to 4 times as bright as the moon. The object started at the zenith and traveled to the NW for about 10 deg then disappeared. Left trail behind.				11. COMMENTS Insufficient data for analysis. Distance travel not included. Possible meteor, possible jet with afterburner.	

The UFO started at the zenith and traveled to the N.W. for about 10° then disappeared.

The UFO left a trail behind it which looked like a jet vapor trail ~~behind it~~ during the daytime.

 ← the trail disappeared about this far behind it.

It had a black center which was outlined with a silver color.

* The UFO's diameter was the radius
of a full moon.
It was as bright as the moon is when
it was 3 to 4 times as bright as the
moon is at total during a lunar eclipse.
This sergeant was at Wright Patterson
for the CAP encampment and was just
going on guard duty when he saw it.
