7. LENGTH OF OBSERVATION Ten (10) Minutes		8. NUMBER OF OBJECTS One (1)		9. COURSE N to SE	
10. BRIEF SUMMARY OF SIGHTING One (1) round, reddish object, the size of a half-dollar held at arm's length was observed by source to travel from the north to the south-east and then to go straight up before fading. Object was seen for ten (10) minutes.				11. COMMENTS The fact that the source was located in a brilliantly lit area the object could have been illuminated by reflection of city lights. The time of sighting, ten minutes and the description of the object could all be woven together to fit the characteristics of a balloon. No investigation authorized.
